

Memory Care Suites

Silvergate San Marcos

memory care raises the bar for seniors living with memory loss. Our residents receive round-the-clock care from a highly specialized team of veteran nurses and caregivers in our beautifully appointed Memory Care Suites -- giving families the peace of mind they are seeking.

Nestled within our retirement community campus, this dedicated building offers a safe and nurturing environment for those living with Alzheimer's, dementia or memory loss.

Silvergate's Memory Care Suites provide families with a secure and supportive care solution that offers key advantages in design, privacy, care, and amenities, including:

- ❖ A Unique "Neighborhood" Design
- ❖ A Positive Approach To Care™
- ❖ Industry-Leading Caregiver-to-Resident Ratio
- ❖ Private Accommodations
- ❖ Healthy, Chef-crafted Cuisine
- ❖ Interactive Activities Program
- ❖ Premier Amenities
- ❖ All-Inclusive Care Pricing

For more than 30 years, the Silvergate mission has been to deliver best-in-class care to seniors with the same compassion, respect and affection we would want for our own families.

When you want the absolute finest care available in the most beautiful setting possible, entrust your loved one to Silvergate Memory Care Suites...

Where Every Day Matters

Neighborhood Design

Silvergate's distinct "Neighborhood Design" takes a more personalized, home-like approach to resident care. The Memory Care Suites are divided into six uniquely themed "Neighborhoods" to create an easy-to-navigate community floorplan with an intimate feel. Each ideally sized neighborhood gathers six resident suites around a central, shared living room, kitchen, and dining room space.

This safe and secure design facilitates the highest level of resident comfort, engagement, and supervision. With no corridors or hallways to wander, residents are less likely to experience confusion or anxiety, which creates both a familiar and comfortable environment for seniors living with impaired memory.

Outstanding Care

Industry-Leading Caregiver-to-Resident Ratio

With one of the highest caregiver-to-resident ratios in the industry, our experienced team is ever-present, providing high-touch care 24 hours a day, seven days a week. Having more eyes on fewer residents ensures the greatest standard of care and provides increased supervision -- assuring the safety and security of your loved one.

Our Resident Care Director oversees a staff of Licensed Vocational Nurse (LVN) Supervisors, professional caregivers and trained medication technicians to provide continuity of care and manage all prescribed medications. Families hear directly from an LVN with progress updates if and when their loved one's care needs change.

A Positive Approach to Care™

Silvergate Memory Care uses the renowned Positive Approach To Care™ model, championed by trusted industry expert, Teepa Snow.

This successful and proven method allows our certified nurses and trained staff to deliver best-in-class care with the greatest degree of dignity, respect and sensitivity.

By improving positive interactions with residents who are experiencing memory loss, we can focus on what's left... not what's lost.

Premier Amenities

❖ *Family Parlor*

This elegant Family Parlor gives residents a special place to celebrate memorable occasions or gather with loved ones for birthdays, anniversaries or the holidays.

❖ *Memory Care Activity Room*

At the heart of the Memory Care Suites is the airy, sun-drenched Suites Activity Room. The roster of exciting indoor activities rotates daily and is sure to inspire creativity.

❖ *Beauty Salon*

This full-service salon provides residents the perfect place to be pampered on a quiet afternoon and take on a fresh, new look.

❖ *Intimate Spaces*

Intimate spaces throughout the building create opportunities for quiet, one-on-one conversations with family or friends.

Chef-crafted Cuisine

Nutrient-rich Meals & Snacks

Good nutrition plays a vital role in promoting brain health, as well as physical and mental well-being.

In Silvergate's gourmet kitchen, our Executive Chef passionately creates mouth-watering cuisine that is both visually appealing and exciting to the taste buds.

Enriching Activities

Always Something New To Do

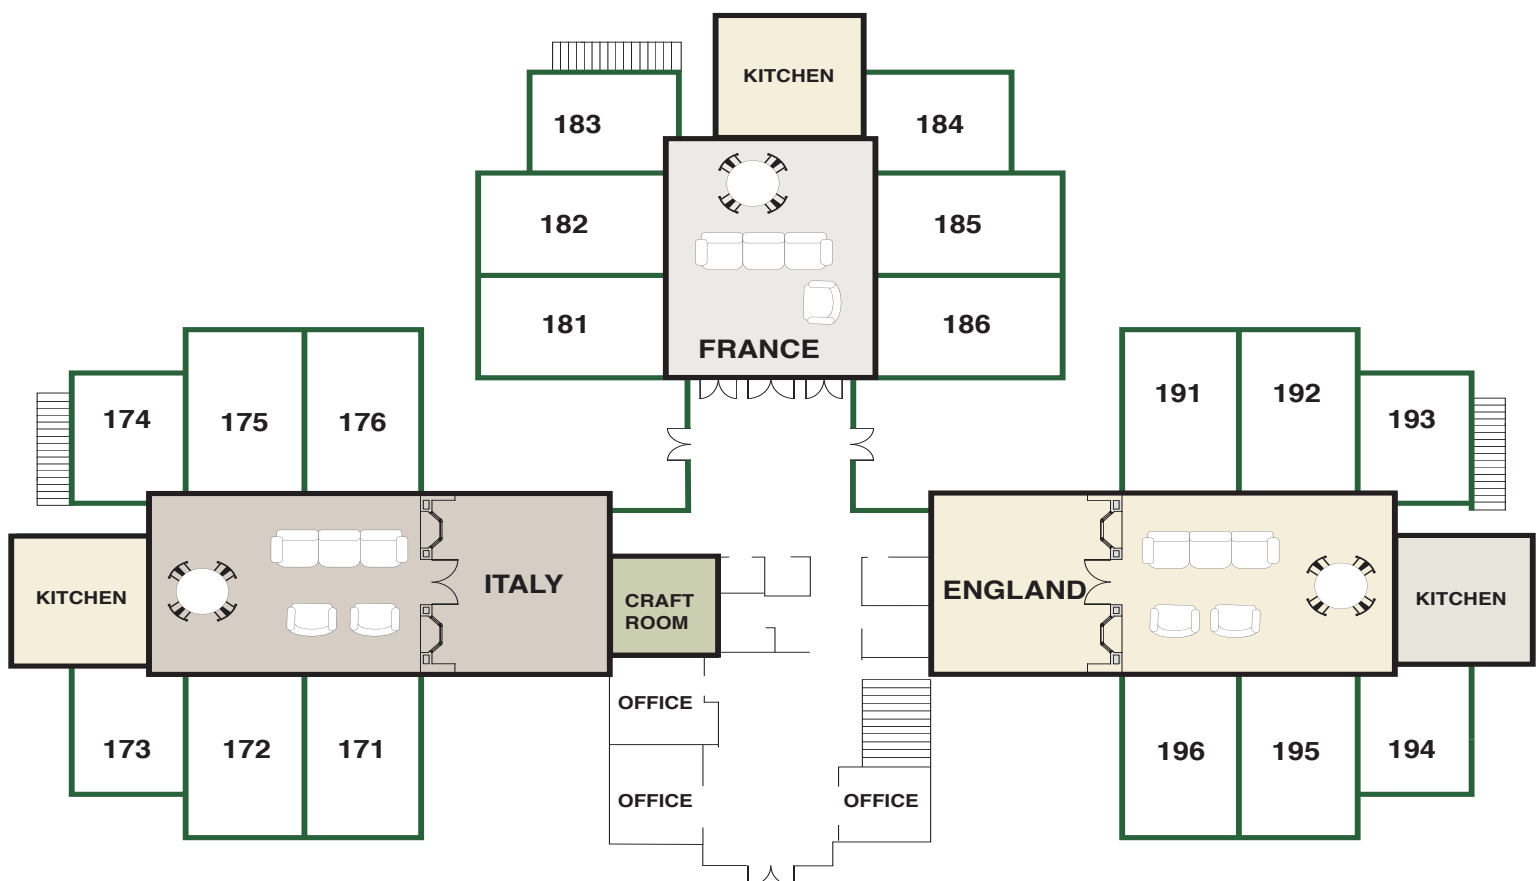

Our compassionate staff plans and implements fun and diverse memory-enhancing activities every day -- to help residents find joy in meaningful moments.

Our professionals use cognitive, reminiscence, physical and occupational therapies to encourage resident participation. Our proven enrichment activities combine sensory stimulation, social engagement and exercise as part of our Memory Care Activities Program.
