Bio-Security

Our seamless coating creates a non-porous surface that is easy to disinfect and clean.

FX *Crystal Grip* (anti slip)

FX imparts clear glass crystals into the finish for best in-class surface grip. Our company has developed this technology in-house.

Handcrafted at every step

Each system is honed to perfection, from corner to corner. It's FX surface modification specialist certified.

Quick and Efficient

Our focus is on ensuring a turn-key integration with your schedule allowing for a seamless experience; start to finish.
