FOCUS INDUSTRIAL

RS1800P Petrol Driven Screw Compressor

Compact, Hand-Portable 70cfm Screw Compressor with Honda Petrol Engine

Ideal for Contractors, Municipalities & Hire Companies, this compressor overcomes noise regulations, space limitations, access problems and avoids road costs yet is powerful enough to handle a large range of job site requirements. Its fold-down handle and pneumatic tyres make it very easy to manoeuvre in and out of site elevators. A matching small car trailer is also available as an optional extra.

FEATURES

- Latest technology oil injected screw unit
- Continuously variable idle control
- Constant air flow & pressure
- Removable petrol tank for refuelling
- Rugged construction
- Honda V-Twin OHV engine
- Will operate 41kg (90lb) breaker
