

ARTEFFECT

Impact Statement Outline

In developing an ARTEFFECT project, the student prepares a written Impact Statement (500-1000 words) to accompany the visual artwork. In this essay, the student should address the following prompts:

1. Introduce your Unsung Hero.

Explain how and why you chose this individual. What do you find inspirational or most admire about this individual as a role model (e.g., character traits, heroic act(s), and/or social impact)?

2. Discuss your Unsung Hero's impact.

Share about this Unsung Hero's story. How did your Unsung Hero contribute to a positive change in the course of history or have an impact on the lives of others? Discuss any research used to develop your project

3. Describe your artistic vision and process.

What is the vision behind your creative interpretation of this story? How does your artwork express your Unsung Hero's character traits, heroic actions, or impact? Discuss your choices of materials and techniques.

4. Share the impact of your artwork.

How will your Unsung Hero's story influence your actions or outlook on life? Discuss any hopes and plans for sharing your artwork with others. List any links that illustrate the extended reach of your project into your community.

Research References:

The student may list any research references used in developing the visual artwork and Impact Statement.
