Our conference + banqueting offer comprises of (recycled) aluminium and steel heat transferred, wood-grain effect chairs. All supplied with a 10 year frame guarantee.

Precision welded using Japanese robotics, then finished with the world renowned and dependable Tiger powder coat (zero lead, cadmium or other toxic substances). All models are tested inhouse to BIFMA X6.5 and rated to hold up to 225kgs.

50% lighter, more affordable, greener and significantly stronger than solid wood chairs. Coupled with the luxurious tactile wood grain effect and quality finish has made these ranges a preferred choice for leading brands such as Disney, Four Seasons, Ritz Carlton, Sheraton, Fairmont, Westin, Marriot and Radisson.
