HOTEL & WIRTSHAUS  
WALDSCHLÖSSCHEN

The history of the Wirtshaus Waldschlösschen began in the year 1841, when the property became the possession of the brewer and printer Amand Ney.

He built a spacious residence and inn, complete with a barn, stables, its own brewery building, and four cellar vaults carved directly into the rock, which served as cooling storage.

In 1920, Franz Böhning acquired the property. Under his management, it was operated as a café, restaurant and traditional inn, featuring club rooms and a bowling alley.

The property remained in the ownership of the family for more than a century.

As the inn was located well outside the city limits, it became a popular excursion destination for the people of Fulda and enjoyed great popularity even in those early days.
