

Explore and Experience with Springpod – Student Worksheet

Springpod Microsites allows you to research employers and find out more about the career pathways available to you.

Explore – Find out about different career pathways

Inspire and Upskill – Reach your potential

Empower – Gain the experience and confidence to apply

What are Springpod Microsites?

These handy sites mean you can focus on a particular employer and find all of the information and experiences in one place. They can include:

- Virtual experiences
- Springpod Sprints (shorter taster activities)
- Information about the company/organisation
- Information about the career pathways available
- Ambassador chat rooms where you can ask employers questions

Name	Form/Tutor Group

Step 1

Create your Springpod account – <https://space.springpod.com/sign-up>

Or

Sign in to your Springpod account – <https://space.springpod.com/sign-in>

Step 2

Choose a microsite to explore (Click on the logo's below to view). Find out more information about a company and the opportunities they offer. Start an experience or chat with an ambassador.

Start Exploring (1/2)

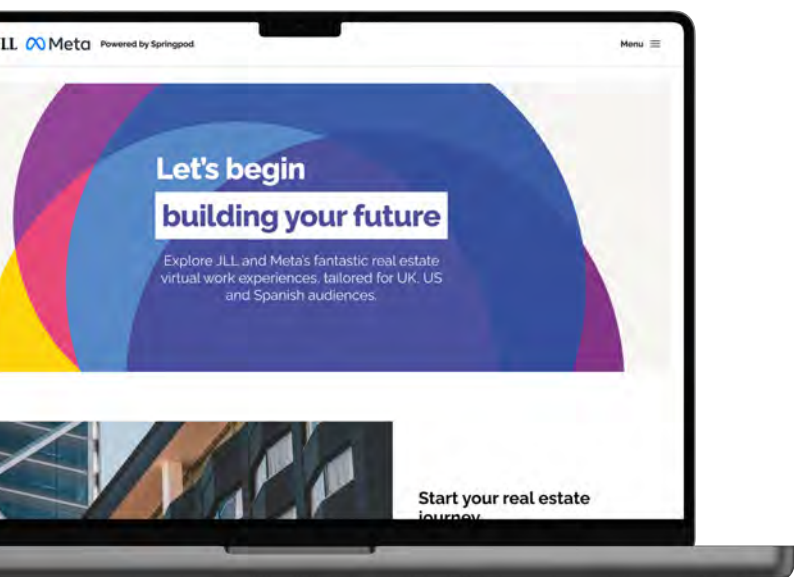

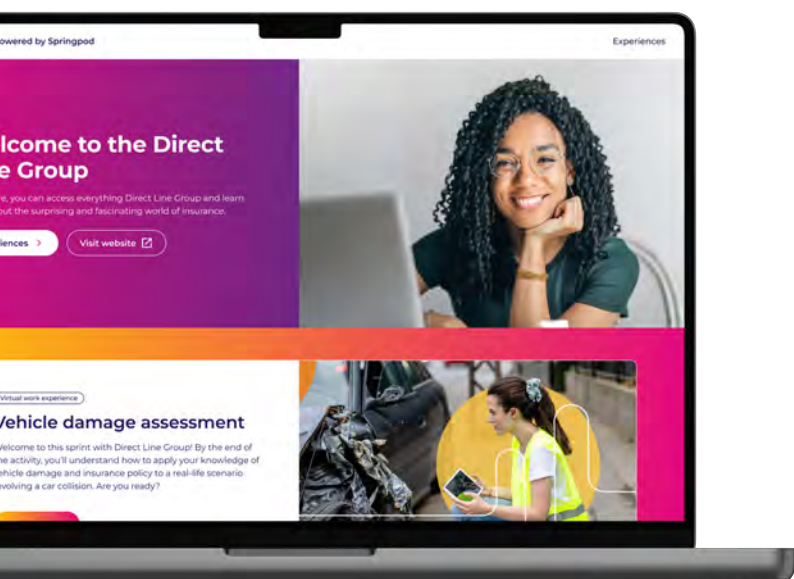

1	Which employer Microsite are you going to explore?	
2	Before you start exploring what do you already know about this employer?	
3	What industry would you say this employer works in?	
4	What information/opportunities are available to explore on this site?	
5	What do you think this company is looking for in future applicants?	
6	Can you find any skills that the company mentions that they are looking for in future applicants? For example, communication skills, teamwork skills or willingness to learn.	
7	What job opportunities do they offer? You may have to look beyond the microsite and find their 'careers' page on their website.	
8	Do they offer apprenticeship pathways? You may have to look beyond the microsite and find their 'careers' page on their website.	
9	If they offer apprenticeships what can you find out about the benefits of completing an apprenticeship with this company?	
10	Can you find out how much you get paid as an apprentice?	

Start Exploring (2/2)

11	What qualifications will you gain as part of the apprenticeship?	
12	What do you think this company will be like to work for? This can often be referred to as company culture	
13	Does this company have any opportunities for those who have completed a university degree? They will be called 'Graduate' jobs. You may have to look beyond the microsite and find their 'careers' page on their website. What can you find out?	
14	What perks and benefits does this company offer their employees?	
15	Which perks and benefits would make you want to apply for an opportunity with this company?	
16	What subjects at school or college do you think would help you prepare for a job with this company?	
17	Can you think of something you have done at school or college that you would want to highlight in an application to this company?	
18	What does their Springpod work experience cover? What will you learn?	
19	What would young people learn from completing a Springpod experience with this company?	
20	Can you think of something you are going to do now to continue your research into future opportunities?	

Step 3

If you go on to complete a Springpod experience don't forget to download your certificate. There are lots more experiences to choose from which you can explore <https://www.springpod.com/virtual-work-experience/search>
