Final Challenge: My Next 90 Days

Produce a short submission (video, presentation, infographic, or written plan) covering:

1. Three Key Insights

- What did I learn about the industry, role, or pathway?
- What surprised me?
- What challenged or changed my thinking?

2. Skills Reflection

- Which skills do I already have that relate to this field?
- Which skills do I need to develop further?
- Evidence from the programme that supports my assessment.

3. Career Fit Assessment

Rate your experience out of 10 and explain:

- How well does it match my interests?
- How well does it match my strengths and values?
- What questions do I still have?

4. My 90-Day Action Plan

- **1 immediate action** (this week)
- **1 development goal** (next month)
- **1 longer-term goal** (next 3–6 months)

For each action, include:

- What I will do
- By when
- How I will know I've succeeded

5. Pay It Forward

Share one piece of advice you would give another student considering this pathway.
