## Member Communication – Supply Chain Transition to CU Inc.

CEWA would like to provide an update to members regarding recent changes to Supply Chain operations.

ATCO and CEWA have worked collaboratively following the company's identification of a business change to transition Supply Chain functions from the individual companies into CU Inc.

Through these discussions, CEWA successfully negotiated a settlement agreement that ensures employees transitioned to CU Inc. will experience **no job loss or negative individual impacts** as a result of this change.

It is important to note that the changes apply to processes occurring **after requests for services are made**. There are **no changes to field-based Supply Chain tasks** as part of this transition.

CEWA is pleased to welcome both Chapter 101 CEWA members and employees from ATCO Gas into Chapter 103 at CU Inc., and we look forward to supporting all members through this transition.

If you have any questions, please reach out to:
