JOB POSTING # 20164

TECHNICAL RESOURCES TECHNOLOGIST, QUALIFIED

DIVISION: **ENGINEERING**

LOCATION: **GRANDE PRAIRIE, AB**

SALARY: **\$3,866.71- \$5,447.85 Bi-Weekly**

JOB CLASS NUMBER: **585301**

RELOCATION: **NO RELOCATION ASSISTANCE WILL BE PROVIDED FOR THIS POSITION**

This job class is responsible for providing technical support to various departments within planning, regulatory, design, and/or field operations functions. This position will provide coordination, maintenance, monitoring, and execution of one or a variety of department management systems, which may include environmental, financial, lab, operations, engineering, and/or maintenance.

RESPONSIBILITIES:

Under general supervision, employees perform various duties within their area of assigned duties.

Typical duties may include but are not limited to:

- Produces, edits, analyzes and models data specific to the team function.
- Prepares and submits reports and/or analysis in an accurate and timely manner for month, quarterly, annual and other special reports as required by the team function, department or regulation.
- Gathers data and coordinates schedules for various audits.
- Tests and facilitates field implementation of hardware and software
- Provides technical support and assistance that are required specific to or outside of the team function or department.
- Participates in project planning meetings and acts as a liaison with internal groups.
- Develops and maintains policies.

QUALIFICATIONS:

- High School diploma or equivalent.
- Completion of a post-secondary technology diploma in a related discipline from a recognized Canadian institute of technology.
- May be required to attain registration with A.S.E.T.
- 2-5 years of related experience.

First consideration will be provided to qualified applicants for the Technical Resources Technologist, Qualified position. In the event there are no qualified applicants for the Technical Resources Technologist, Qualified, applicants with a post-secondary technology diploma in a related discipline from a recognized Canadian institute of technology and 0 - 2 years of experience may be considered, and if successful, will be placed at the appropriate job class and salary level.

For further information please contact Rob Dingeldein, Supervising Engineer, North West at 780-296-3704 or by email at robert.dingeldein@atco.com.

This position is administered under the Canadian Energy Workers Association Collective Agreement, Job Posting provisions. Please apply online with your ATCO Talent Profile through Oracle **ON OR BEFORE JUNE 12, 2026**. It is important for applicants to ensure their ATCO Talent Profile or resume details the required qualifications stated above including any other supporting career information. Late applications will not be considered.

If the Company is unable to fill this vacancy through this internal Job Posting process, it may choose to advertise for external applicants. Bargaining unit members who apply on an advertisement for external applicants will be eligible to compete for the Job on the same basis as any other external candidate; the Job Posting provisions under the Collective Agreement will not apply.

Issued: May 29, 2026

Application Deadline: June 12, 2026
