- Demonstrated skills in training of apprentices and development of team and individual performance
- Personal computer experience an asset

First consideration will be provided to qualified applicants for the Powerline Technician – Service position. In the event there are no qualified applicants for the Powerline Technician – Service position, 4th Year Powerline Technician Apprentice applications may be considered, and if successful, will be placed at the appropriate job class and salary level.

An expectation of the Powerline Technician - Service position is to provide after-hours stand-by duties. As per Section 1 of the G-80 (ATCO Electric's Residency Requirements for Employees Required to do Stand-by Work) policy, you will be required to maintain a residence within the established service point boundary for Hanna, AB or Oyen, AB to meet after-hours service coverage requirements.

For further information please contact Ryan Lockhart, Supervisor, Operations at 780-385-1519 or by email at Ryan.Lockhart@atco.com.

This position is administered under the Canadian Energy Workers Association Collective Agreement, Job Posting provisions. Please apply online with your ATCO Talent Profile through Oracle **ON OR BEFORE SEPTEMBER 24, 2026**. It is important for applicants to ensure their ATCO Talent Profile or resume details the required qualifications stated above including any other supporting career information. Late applications will not be considered.
