

BlueCross BlueShield of Texas

# Get to Know the Blue High Performance Network<sup>®</sup>

Are you looking for a health benefit plan that gives you access to high quality doctors at a lower cost? If so, choosing the Blue High Performance Network (BlueHPN<sup>®</sup>), offered through Blue Cross and Blue Shield of Texas (BCBSTX), may be the right choice for you.

## What is the Blue High Performance Network?

BlueHPN gives you access to a select group of doctors and hospitals in most major U.S. cities. You don't have to pick a primary care provider (PCP) and you won't need referrals to see specialists.

What's even better is that providers (doctors, hospitals and other health care professionals) in BlueHPN have been carefully selected for the quality of care they deliver. And, it saves you money to use BlueHPN providers.

## For more detailed information, visit [bcbstx.com/go/bhpn](https://bcbstx.com/go/bhpn)

Choosing a health plan can sometimes be a challenge. To help answer any questions you may have, we created a website that details all the features of BlueHPN so you can make an informed decision. Through the site, you can:

- Understand how we select the providers in our network
- See a map that shows where you can access providers throughout the U.S.
- Learn more about additional benefits, such as
  - Transition of care
  - Health and wellness resources
  - Member discount program
- View a sample Member ID card

Through our Provider Finder<sup>®</sup> tool, it's easy to find a doctor, hospital or other health care provider that is part of BlueHPN. The site will walk you through how you can search online – through the member portal or through the BCBSTX App.
