

Core Cutter

Introduction

Snowline Gold Corp is a Yukon-based mineral exploration & development company focused on advancing our flagship resource and advancing early-stage gold projects in the east-central Yukon. We are building a leading exploration company fit for the future while aiming to set new standards in social and environmental responsibility.

Why Join Snowline?

At Snowline, we offer not only the opportunity to be an integral part of one of the most exciting gold discoveries in recent times, but also to be part of a culture of inclusivity and collaboration where everyone can make a real difference.

Details

You will be contributing to a collaborative technical team, focused on safely exploring and developing Snowline's extensive land package. You will be cutting and organizing drill core samples for shipment and assay. Additional responsibilities include keeping the cut shack clean and organized, and general support around camp.

Location: Remote field camp, east-central Yukon.

Schedule: Rotational – exact schedule TBD, from early June to late September.

Experience & Key Skills

- A positive attitude and strong interpersonal, communication and leadership skills.
- Physically fit - must be able to lift a minimum of 50 lbs repetitively.
- A high level of attention to detail and positive attitude.
- Eligibility to work in Canada.

Key Tasks

- A commitment to working safely and adherence to Snowline's health and safety policies.
- Splitting drill core using a diamond saw.
- Writing shipment bags, bagging up samples and preparing shipments.

Application Process

Candidates should submit their resumes to careers@snowlinegold.com or contact Thomas Branson at 778-235-4534 or tbranson@snowlinegold.com with any specific questions about the role or project.
