What Sets Us Apart:

- Up to 70% savings with \$0 copays – deliver the same drugs from the same manufacturers at a fraction of the cost, while members pay nothing out of pocket.
- No PBM or vendor changes – plug and play integration with your clients' existing plans; no disruption or complicated overhauls.
- Immediate savings, no fees – free analysis and contract; measurable savings start on day one with no upfront costs.
- Stop loss discounts & aligned incentives – we work with your clients' stop loss carriers to strengthen their risk management without changing existing plans.

Provide the same clinically approved medications from the same U.S. or global manufacturers at dramatically reduced costs. Your success is our success: the program bolts onto existing plans with no disruption, and we only win when you and your clients save.

Member Experience:

- \$0 copays on covered medications.
- Identical medications from the same U.S. or global manufacturers.
- Convenient home delivery and personal care navigation.
- Voluntary participation with engagement incentives and high touch support.

Broker Benefits:

- Stand out with predictable, measurable savings that earn client loyalty and differentiate your portfolio.
- No disruption to current PBM or benefit consultants – preserve the relationships you've built while adding new value.
- White glove partner support – co-branded materials, training, and client onboarding ensure a seamless rollout.
- Custom reporting & insights – powerful analytics to prove ROI and enhance your advisory credibility.
