What Sets Us Apart:

- Up to 70% savings with \$0 copay — We deliver the same medications from the same manufacturers at a fraction of the cost, while members pay nothing out of pocket.
- No PBM or vendor changes — plug and play integration with existing plans; no disruption or complicated overhauls.
- Immediate savings with NO fees — our free benefit spending analysis outlines measurable savings that start on day one with no upfront or ongoing costs.
- Stop loss discounts & aligned incentives — we work with your stop loss carriers to strengthen their risk position without disrupting your existing plan.

We provide the same clinically approved medications from the same manufacturers at dramatically reduced costs. Your success is our success: the program bolts onto existing plans with no disruption.

We Are Passionate About your Employee Experience:

- \$0 copay on covered medications.
- Personalized Care Navigation and member support.
- Convenient home delivery.
- Voluntary participation with engagement incentives on high-cost medications.

Employer Benefits:

- Start immediately with predictable, measurable savings on your pharmacy benefit plan.
- No disruption to current PBM or benefit consultants — preserve your vendor relationships.
- White glove employer support — co-branded materials, HR training, and employee onboarding meetings to ensure a seamless rollout.
- Custom reporting & insights — analytics and insights that demonstrate your savings and outline overall pharmacy spend/performance.
