

## Experience

### Wellfound

Sole Product Designer

July 2023 - Present, Remote

Engage with CEO and engineers to ship Fellos, a social card-trading app for building in-person communities.

Contributed to the roadmaps across 3 major pivots; used AI to accelerate the design loop and designed 16+ features from 0 to 1.

Conducted 30+ usability tests on Lyssna to validate product decisions.

Built a three-tier token system with 340+ tokens and 216+ components.

Converted V3 design system into Claude skills to align AI output with the product's visual language.

### Future Lab, Tsinghua University

UX Research + Design Intern

July - Sep 2021, Beijing

Synthesized 275+ survey responses to develop retail design strategies.

Facilitated a workshop with 13 stakeholders to gather key insights and align on vision and value with a cross-disciplinary PhD team.

### Worthi by Citi Ventures

Graduate Product Designer

Sep - Dec 2020, New York

Redesigned Worthi, a career-growth web app, worked with classmates, engineers, PM, and advisors through 7 user interviews and 2 iterations.

Presented final solutions to Citi Ventures.

## Project

### 100 AI Design Challenge Trails

Designer · July 2025 – Present

Recreating user flows of leading AI products, exploring interaction models across mobile, web and desktops.

Published design files to Figma Community with 2K+ usage to date.

### NeatFM

Builder · Mar- May 2026

Built an AI podcast player with Claude Code that delivers any foreign content in your native language.

Shipped with free trial credits, BYOK model, ElevenLabs and YouTube Data API integration, deployed on Vercel.

### Tab Out

Builder · Apr 2026

Remixed an open-source Chrome extension with a redesigned visual system, AI-powered tab grouping, and Image View, built with Claude Code.

### Texttract

Builder · Mar 2026

Built a Figma plugin with Cursor that extracts text from image layers using Google Cloud Vision API, published on Figma Community.

## Education

Class of 2022, New York

Class of 2017, Xi'an

School of Visual Arts [MFA] Interaction Design

Xi'an University of Architecture and Technology [B.E.] Urban Planning

## Achievement

Award

2025 iF Design Award Winner

Exhibition

2025 London Design Festival

Award

2023 Core77 Design Awards in Advanced Technology Category

Publication

CHI 2022 Establishing Design Consensus toward Next-Generation Re...

## Skills

### Research

Competitive Analysis, User Journey, Information Architecture, Affinity Diagram, Workshop, Usability Test

### Design

JTBD, Wireframes, Rapid Prototyping, Design System, Vibe Coding

### Toolbox

Figma, Sketch, Miro, Lyssna, Adobe CC, HTML/CSS, Webflow, Claude Code, Codex, Cursor, NotebookLM, Vercel, Supabase
