## Sipcam Liquid AMS Herbicide Adjuvant

### DIRECTIONS FOR USE

Situation	Rate	Critical Comments
Minimise antagonism to tank mixes with flowable herbicides  Improve performance under adverse environmental conditions	2L/100L of spray solution.	1. Half fill spray tank with clean water and start agitation. 2. Add Spray Ammo through top opening of spray tank. 3. With agitation still running, add the required flowable herbicide to the tank and mix thoroughly. 4. Add the required amount of glyphosate based product and the remaining water: mix thoroughly. 5. Add surfactant, if required, near the end of the filling process to minimize foaming. 6. Always maintain adequate agitation during application and use the tank mix promptly.

**NOT TO BE USED FOR ANY PURPOSE, OR IN ANY MANNER CONTRARY TO THIS LABEL UNLESS AUTHORISED UNDER APPROPRIATE LEGISLATION.**

### GENERAL INSTRUCTIONS

Spray Ammo Liquid Herbicide Adjuvant should be used with non-selective herbicides only, as with some selective herbicides use may result in loss of selectivity and therefore crop damage. Ammonium sulphate may be corrosive to metal parts of the sprayer. Thoroughly flush tanks, pumps and nozzles with water after use.

### STORAGE AND DISPOSAL

#### KEEP OUT OF REACH OF CHILDREN

Store in the closed, original container in a cool, well ventilated area. DO NOT store for prolonged periods in direct sunlight.

**Non-refillable Containers** Triple rinse containers before disposal. Add rinsings to spray tank. DO NOT dispose of undiluted chemicals on site. If recycling, replace cap and return clean containers to recycler or designated collection point. If not recycling, break, crush or puncture and deliver empty packaging to an approved waste management facility. If an approved waste management facility is not available, bury the empty packaging 500 mm below the surface in a disposal pit specifically marked and set up for this purpose clear of waterways, desirable vegetation and tree roots, in compliance with relevant local, state and territory government regulations. Do not burn empty containers or product.

**Refillable containers** Empty contents fully into application equipment. Close all valves and return to point of supply for refill or storage.

### FIRST AID

If poisoning occurs, contact a doctor or Poisons Information Centre. Phone Australia 13 11 26.

### SAFETY DATA SHEET

For further information, refer to the Safety Data Sheet (SDS) which is available from the supplier or from our web site, [www.sipcam.com.au](http://www.sipcam.com.au).

### NOTICE TO BUYER

This product must be used in accordance with the directions for use. Where this product is not a good of a kind ordinarily acquired for personal, domestic or household use or consumption under the Australian Consumer Law, Sipcam Pacific Australia Pty Ltd's liability for any direct, indirect or consequential loss which you incur, including, without limitation, loss or damage to crop, loss of equipment, property damage, personal injury or death is limited, at Sipcam's option, to the replacement of the product or the supply of an equivalent product. By opening this package, you agree to be bound by these terms. If you do not agree to these terms, please return the entire unopened package intact to Sipcam or the place in which you purchased this product for a full refund.
