

Jint vs. Jamespot

Discover why 500+ companies chose Jint, the 100% native Microsoft 365 solution. Get a full digital workplace with sovereign hosting, built inside your Microsoft 365 instead of as a separate social platform beside it.

Jint's Key Strengths

Deployment & Simplicity

Native Integration

Performance

Data Security

User Experience

Autonomy

Capability / Feature	Jint	Jamespot
Foundation & Microsoft 365 integration	Native add-in that enhances SharePoint, Teams and Viva.	Standalone social platform; sits beside Microsoft 365 rather than inside it.
Approach	A full digital workplace built on your M365 productivity layer.	Enterprise-social-network first; lighter on M365 document and productivity depth.
Deployment & customization	Fast deploy, self-service customization on SharePoint.	No-code SaaS, quick to launch, but its own platform to run.
Sovereignty & data	Data in your own M365 tenant, plus the French Bleu trusted-cloud option.	French sovereign hosting, a genuine strength for public sector.
Translation & multilingual	Jint Translator, 100+ languages via Azure AI, in-tenant.	Multilingual support within the Jamespot platform.
Search & navigation	Unified Microsoft 365 search across all your content.	Search scoped to the Jamespot platform.
Generative AI	Jint Genius grounded in your governed M365 content.	AI features on a separate platform.
Pricing	Builds on the M365 you already pay for.	From ~5 euros/user/month, but added on top of your M365 licenses.

Why Choose Jint

✓ Launch faster with ultra-light training and empower users with less IT dependency.

✓ Deliver a seamless experience across all Microsoft environments, faster and reliably.

✓ Create beautiful, targeted communications, without design constraints.

✓ Engage global teams by instantly delivering content in their native language.

✓ Keep your data secure with full sovereignty inside your Microsoft tenant.

✓ Strengthen company culture with engaging, automated tools.

✓ Help employees find what they need with unified, intuitive search and AI assistants.

✓ Stay in control of your brand and mobile experience with a self-service builder.
