TWO-DAY INSTRUCTOR LED CLASS   SYLLABUS

Nuix Workstation

FORENSIC PRACTITIONER FOUNDATIONS

The Nuix Forensic Practitioner Foundations certification class will highlight advanced forensic techniques and the key forensic features and functionality within Nuix Workstation by utilizing the application in the following ways:

- Successfully install and configure Nuix Workstation
- Review the basic operations of Nuix Imager
- Using Nuix Workstation to create an investigations case and determine advanced forensic techniques for processing and analysis
- Outline the various analysis options when working with Windows artifacts

Students will be enrolled in the Nuix Workstation Forensic Practitioner Foundations exam. Passing of the Nuix Workstation Forensic Practitioner Foundations exam is a requisite for the Nuix Forensic Practitioner Certified Master pathway.
