

# SPINNING DIZZY DARTS

## Making the Dizzy Darts:

1. Cut the darts on the outer and inner solid lines.
2. Fold the side flaps of the center tab on the dotted lines.
3. Fold the tab in half on the dotted line, then tape or glue it flat.
4. Fold the top flaps on the dotted lines in opposite directions.
5. Add a paper clip or small weight to the bottom to finish.

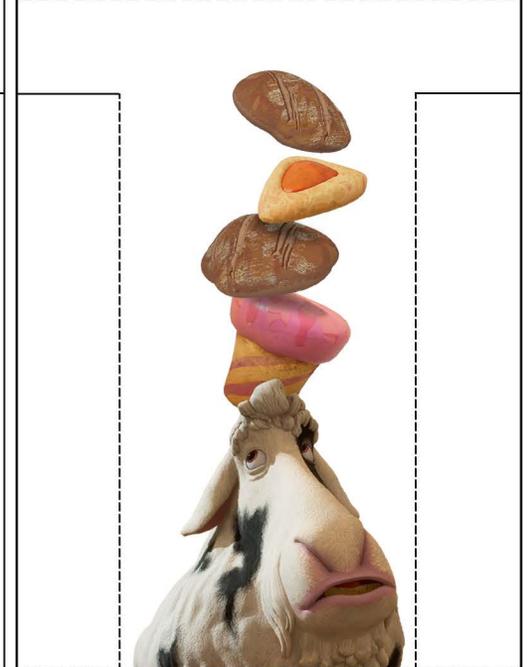

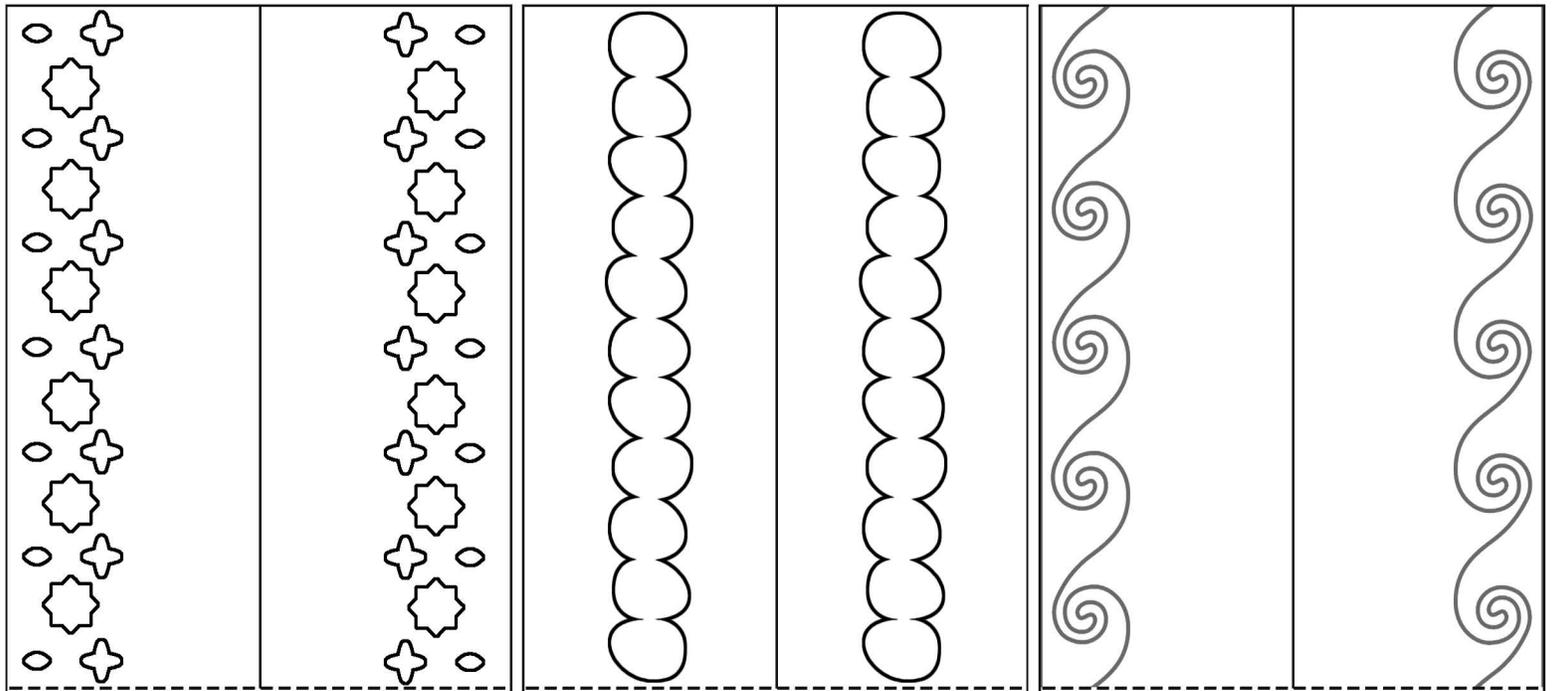

## Playing the Game:

- Put the two map pieces on the floor as your target zone.
- Take turns standing three steps back and tossing your dizzy dart into the air over the map.
- Try to land on all three characters with items from Abby's errand list. (Don't worry, these don't need to be done in order.)
  - Joshua with the flour
  - The Baker with the pie
  - The Potter with the vase
- After landing on all three spots, try to land on Abby's house. The first player to do so wins!
- Remember to watch out for Roman Soldiers—land on them, and you skip a turn!

## For an Extra Challenge:

- Follow Abby's list in order: Joshua, then the Baker, then the Potter.
- Stand 5-6 steps back from the map.
- Close your eyes when you toss the dizzy dart.
