

THE CAPERNAUM OBSTACLE COURSE

A Game of Trust, Agility, and Road Hazards

Abby learns to trust that God is bringing good things out of hard things, even if she can't see the good things yet! In this game, you'll trust your partner to guide you past unseen obstacles to safety.

What You Need

- 2+ players
- Pigeon Blindfold
- Printed Capernaum obstacles
- Optional: Home items (pillows, chairs, pots, etc.)

How To Play

1. Mark a 6ft x 6ft area (Use painter's tape, shoes, etc.).
2. Place obstacles inside the area.
3. One player is blindfolded on one side of the square.
The partner stands on the other side to give instructions.
4. The goal: guide the blindfolded player to the far side with only your voice, helping them avoid obstacles.

Level Up!

Using the same rules, add these challenge twists:

Sdrawkcab (Backwards)

- The blindfolded player walks backward.

One Word Only

- The guide gives just one word per move. (e.g., "right" or "3")

Opposite Day

- Use opposite directions. (e.g., say "left" instead of "right")

Counting Points

- Obstacles are worth -1 to -5 points.
Keep track of how many points are lost each time the blindfolded player touches one. The partner who loses the fewest points while guiding wins!
