## A FAMILY GAME FOR 3-10 PLAYERS

In the first episode of *The Chosen Adventures*, Abby learned the importance of honoring her parents by listening to their instructions. This game is about listening to your family and remembering what they say.

### Competitive Mode:

Earn one point for each answer you remember correctly. If players tie, they share the win.

### HOW TO PLAY:

1. Gather 3-10 people around a table, campfire or picnic blanket. (Really, anything for gathering!) Gently cut along the lines and place all 50 tokens in a bowl.
2. On your turn, draw a token from the bowl and read it aloud. Everyone then shares their favorite thing in that category. For example, if the category is "Fruit," answers might include strawberries, bananas or watermelon.
3. After everyone shares, feel free to discuss each other's answers—that's part of the fun! Then, place the token face down in the middle and pass the bowl to the next player.
4. Repeat the process until everyone has drawn a token.
  - With 3 players, go around the circle 3 times.
  - With 4-5 players, go around 2 times.
  - With 6-10 players, go around once.
5. Set the unread tokens aside and return the used tokens to the bowl.
6. The bowl is passed around again. This time, draw a token at random and try to remember and repeat everyone's answers. (If you need help, other players can assist!)
