

GoldenTree Announces Closing of \$603 Million CLO Under GLM Strategy

NEW YORK, NY, August 19, 2019-- GoldenTree Loan Management ("GLM") and its affiliated investment manager GoldenTree Asset Management (collectively "GoldenTree"), announced the closing of a \$603 million collateralized loan obligation ("CLO") to be managed by GLM. With the closing of this CLO, GoldenTree Loan Management US CLO 5 ("GLM US CLO 5"), GoldenTree has issued seven CLOs totaling \$5.1 billion under its GLM CLO strategy. This strategy was announced in January 2017 whereby GLM raised \$600 million in commitments to invest in and manage CLOs that were intended to be compliant with applicable Risk Retention regulations. A US Court of Appeals ruling on February 9, 2018 led to repeal of risk retention for open market CLOs. GLM CLOs are intended to continue to comply with European Risk Retention regulations.

GLM US CLO 5 will initially be backed by a 98% ramped \$588 million portfolio of senior secured loans as of closing and will have a five year reinvestment period and a two year non call period. The CLO was arranged by a bank syndicate including Wells Fargo Securities as structuring lead, and Bank of America Merrill Lynch and Morgan Stanley as co-leads. The syndicate globally distributed the investment grade rated notes issued by the CLO, while GLM invested in the CLO's equity and lower rated notes.

GLM US CLO 5 issued \$381 million of AAA rated senior notes with a coupon of L+1.30%, along with lower rated senior, mezzanine and junior notes, for an overall weighted average coupon of L+1.91%.

Since its inception in 2000, GoldenTree has issued approximately \$15 billion of CLOs/CBOs, with approximately \$7 billion currently outstanding. GoldenTree's investment team is comprised of 50 individuals covering over 25 industries and having, on average, 17 years of experience. In addition, GoldenTree has been an active investor in structured credit since 2007 and currently manages approximately \$4 billion of structured products investments across the firm.
