

GoldenTree Asset Management Announces Closing of \$500 Million CLO Under GLM Strategy

NEW YORK, NY, May 30, 2024-- GLM III, LP (“GLM III”) and its affiliated investment manager GoldenTree Asset Management LP (along with other affiliated investment managers “GoldenTree”), announced the closing of a \$500 million collateralized loan obligation (“CLO”) to be managed by GLM III. With the closing of this CLO, GoldenTree Loan Management US CLO 20 (“GLM US CLO 20”), GoldenTree has issued 26 CLOs totaling over \$14 billion under its GLM CLO strategy. Since its inception in January 2017, the GLM strategy was intended to be compliant with applicable Risk Retention regulations. While a US Court of Appeals ruling on February 9, 2018 led to the repeal of US risk retention rules for open market CLOs, GLM CLOs are intended to continue to comply with European Union and United Kingdom Risk Retention regulations.

GLM US CLO 20 will initially be backed by an 80% ramped \$445 million portfolio of primarily senior secured loans as of closing and will have a five-year reinvestment period and a two-year non call period. The CLO was arranged by a bank syndicate including BofA Securities as structuring lead, and Morgan Stanley and Wells Fargo Securities as co-leads. The syndicate globally distributed the rated notes issued by the CLO, while GLM III invested in the CLO’s equity.

GLM US CLO 20 issued \$308 million of AAA rated senior notes with a coupon of S+1.45%, along with lower rated senior, mezzanine and junior notes, for an overall weighted average coupon of S+1.91%.

Since its inception in 2000, GoldenTree has issued over \$24 billion of CLOs/CBOs, with over \$15 billion currently outstanding. GoldenTree’s investment team is comprised of approximately 90 individuals covering over 30 industries and having on average 16 years of experience. In addition, GoldenTree has been an active investor in structured credit since 2007 and currently manages nearly \$7 billion of structured products investments across the firm.
