

Establishing Your Steps

PROVERBS 16

*"Commit your work to the Lord, and your plans will be established."
(Proverbs 16:3, ESV)*

God's sovereignty is our security!

Review the Sermon

Read Proverbs 16:1-9.

How does the description of Yahweh in these verses reveal his sovereignty? How does God's sovereignty establish our security?

Read Proverbs 16:10-15.

What is the condition on which a king's authority is established?

Read Proverbs 16:16-33.

How should our activity be guided by the sovereignty of the Lord? What would change?

Assess your Life

What is your current understanding of God's sovereignty in relation to your decisions and activity?

How does your current sense of security or insecurity (confidence, outlook, fears, anxiety, etc.) align with your understanding of God's sovereign care and control? Why?

Has your view of government been influenced more by Scripture or culture? In what way?

Apply the Truth

What must you specifically do to surrender fully to the sovereign care of God?

Name biblical responses to government – both in good and/or bad times. (1 Tim. 2:1-4, Acts 24:24-25, Acts 5:29, Jude 3, Acts 8:1, 1 Pet. 4:13)

Commit this Week

Will you commit your work to the Lord this week, and allow him to establish your plans? (Proverbs 16:3)

*"The heart of man plans his way, but the Lord establishes his steps."
(Proverbs 16:9, ESV)*
