Not Condemned

JOHN 7:53-8:11

"There is therefore now no condemnation for those who are in Christ Jesus." (Romans 8:1, ESV)

Review the Sermon

Read John 7:53-8:11 and Romans 8:1.

What was the sermon's central idea about being "not condemned" in Christ?

Why must this passage be approached carefully?

What is the difference between "shame" and "sin"? Why does it matter?

Assess your Life

Where are you most likely to define yourself by past failure, regret, or public opinion?

When you fail or sin, do you tend to hide, work harder, seek comfort, isolate, or repeat? (or any combination)

How does your life reflect the truth that forgiveness is grounded in Jesus rather than your ability to make up for failure?

Apply the Truth

What is one practical way your group can make confession and repentance safer than hiding?

When someone you care about fails, how can you offer mercy while still speaking truth?

What habit or relationship needs a specific boundary or change as an expression of a transformed life?

Commit this Week

I will commit to living in the freedom of being "not condemned" in Christ Jesus.

"She said, "No one, Lord." And Jesus said, "Neither do I condemn you; go, and from now on sin no more."]]" (John 8:11, ESV)
