# DESIGN CHALLENGE:

## ARTIFACTS OF TOMORROW

Project Title: \_\_\_\_\_

What do you think your gadget might be used for in the future?

---

---

---

Which things from nature (plastic, paper, metal, etc.) did you use, and where do they come from?

---

---

---

What was the hardest part to build, and how did you fix it?

---

---

---

If your gadget could do one magical thing, what would it be?

---

---

---
