

# FUTURETIME: CLOUD CITIES

## What we learned today:

We looked at the different elements of a city, and how the design of cities has evolved from the past to the present—from the Library of Alexandria to Vienna’s public housing and designs for a futuristic city in Saudi Arabia called “The Line.” Then, we imagined what a city above the clouds might look like in the year 2093!

## Quiz your family!

In which city can you explore a human-made mountain that takes you into the “clouds”?

- A) Madrid
- B) Singapore
- C) Dreamland

## Ask your family

“If our cities could float in the sky, how might that change the way we live?”
