

**Mountain Base
Manufacturing Co.**
EASTHAMPTON, MA

Built for Stability. Ready to Scale.

At **MBM MFG**, we understand that consistent quality and on-time delivery require more than just expertise—they require the resources to support growth, innovation, and adaptability. Our strong financial foundation enables us to invest proactively in the tools, technology, and systems that keep us—and our customers—a step ahead.

Recent investments include advanced machining centers, expanded quality inspection capabilities with state-of-the-art metrology equipment, and the implementation of a robust ERP system to streamline scheduling, inventory, and real-time job tracking. We've also embraced AI-driven technologies to accelerate part processing and CNC programming, allowing us to reduce lead times, optimize toolpaths, and improve repeatability across complex jobs.

With the capital strength to scale and the operational agility to adapt, MBM MFG is equipped to meet your most demanding requirements—today and into the future.
