TASTE

The practice of a life lived in wellness comes in many forms, and we encourage them all at Santosha.

Indulge in hot-cold therapy, defrost or restore in the mineral baths, attend a yoga class in the Om dome or top up your self care in the treatment dome.

Looking for something to supercharge your practice? Keep your eyes on our events page.

The healing vibrations of sound can be experienced in many modalities. From high energy music events to a deeply transformative sound healing in the Om Dome, there's something for everyone.

Rest assured, if its peace and quiet you desire, our valley is a protected haven and provides the perfect setting for quiet reflection.

The Southwest is bursting at the seams with untouched beauty and our property is no different.

With winding trails throughout the valley, there's plenty to explore when guests aren't indulging in the surrounding wineries, beaches, forests and more.

Our hope is that every guest leaves with a refreshed perspective on how to live in alignment with a higher level of wellness.

However, Santosha holds events, conferences and retreats throughout the year covering everything from Yoga to Massage, Energy Work, Nutrition + Weight Management, Preventative Medicine, and more.

With over 7000 Plant Species, the Southwest contains over a third of Australia's biodiversity\*, making it the only biodiversity hotspot.

Featuring leading food educators in their field and interactive experiences, guests are encouraged to embrace food as medicine.

Within our grounds, explore our curated foragers trail with the most mouthwatering bush tucker native to noongar boodja.

# The Premier Wellness Events Space in Southwest WA

- Curated for the wellness community, we didn't just have facilitators in mind in the design process, we wanted to create the ultimate space for hosting events of all shapes and sizes.
- The venue not only caters to the huge demand for wellness as tourism but also to the bustling existing local wellness community and immensely popular travelling wellness festivals such as Wanderlust.
- With a large conference room, an auditorium and yoga dome, wellness facilities galore and on-site accommodations capable of holding just under 100 guests, the venue is the clear choice for body and energy work training retreats, wellness conferences, and much more.

# The Lodge

As the focal point of the resort, the lodge offers guests a serene landing point during their stay. From the warm welcome at reception to the indulgent culinary experiences and rejuvenating spa treatments, every moment is curated to elevate the guest experience.

As day transitions into the evening, the lodge's elegant ambience sets the stage for unforgettable moments. Enjoy a glass of wine in the sunken lounge by a crackling fire or descend into the exclusive below-ground wine cellar and private dining rooms for more personalised gatherings.

Our most discerning guests have the option to retreat to the lodge's second-floor top-tier apartments, offering unparalleled views of the property and a haven of refinement and sophistication.

# Bar, Lounge & Cafe

- The focal point of the retreat, our bar and lounge area is a versatile space designed to cater to various guest needs. It functions as a hub for dining, relaxation, wine enjoyment, tastings, and a convenient waiting area for guests awaiting transportation to their accommodation by buggy.
- This space is not only the main indoor dining venue but also seamlessly accommodates overflow, utilising the adjacent gallery when not scheduled for conferences.

# Gallery/Conference Space

- The existing gallery, a generously proportioned space, features floor-to-ceiling neutral block-out curtains. This innovative design allows for seamless adaptability, expanding into a larger dining area when needed.
- Guests have the flexibility to choose between dining in the lounge, the gallery, or on the terrace based on their preferences during the booking process. When the block-out curtains are drawn, the gallery becomes a storage area for the stage and additional rental equipment such as chairs and tables.
- For special occasions like weddings, conferences, or retreats, the gallery can be fully opened up, creating a spacious and inviting setting.

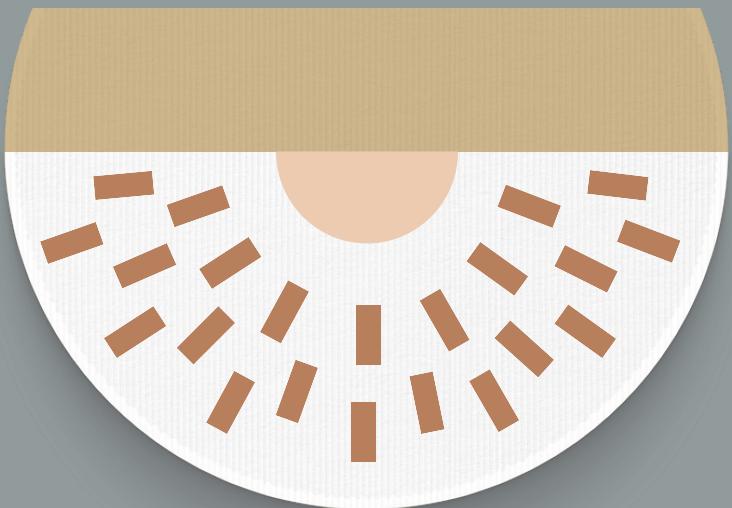

## Reception

- Utilising the existing deck space by the gallery, the new reception space is natural and calming and is the heart of the arrival process.
- Adjacent to the reception desk, inviting lounges create a comfortable space for guests to relax during check-in, seamlessly blending efficiency with comfort.
- To enhance the welcome on arrival, the herbal tea station offers a touch of serenity as guests enjoy a calming cup while completing the check-in process.
- A nearby storage closet/cloakroom adds functionality, allowing guests to conveniently store belongings.

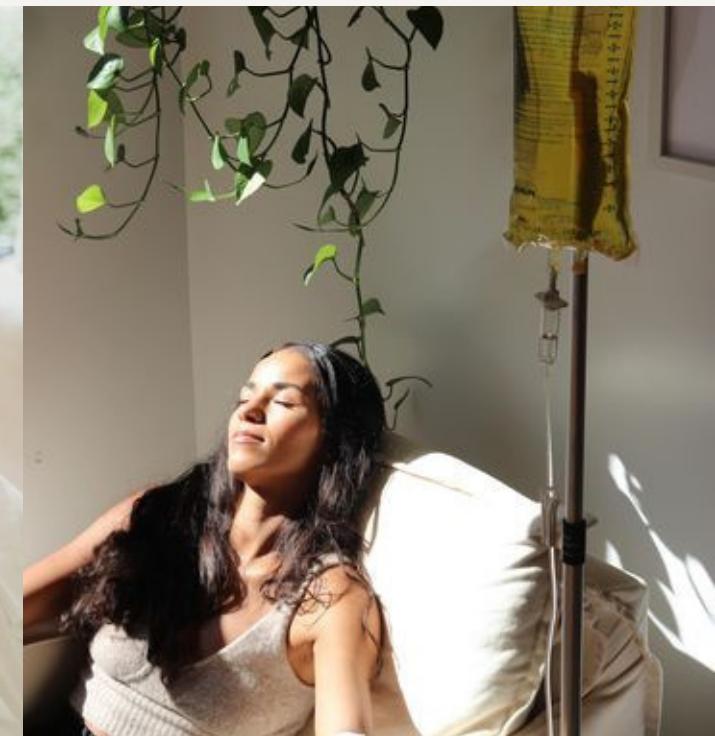

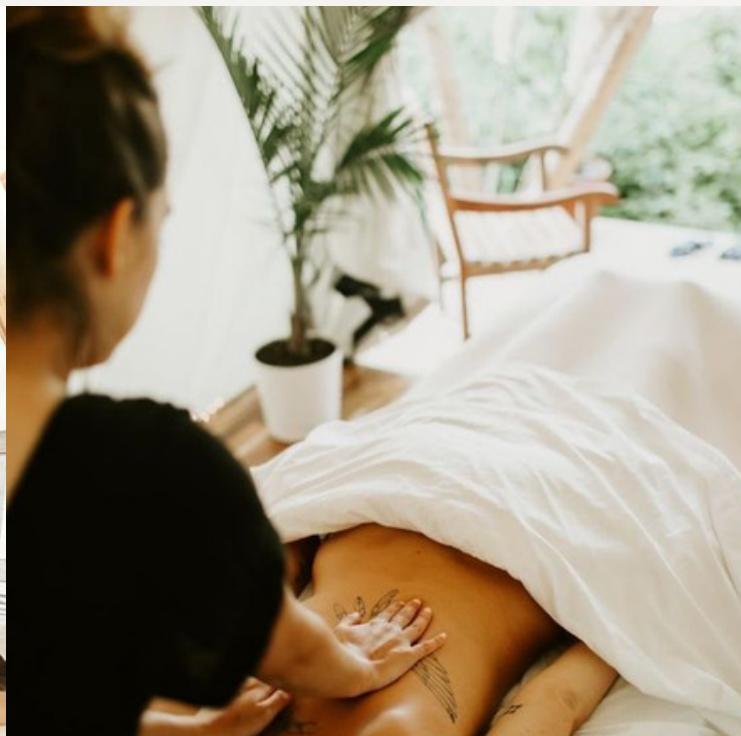

# The Om Dome + The Lawn

- Designed for yoga classes, sound baths, and more, the Om Dome seamlessly merges indoor and outdoor spaces. Its immersive design extends to the lakeside grass area, providing a picturesque venue for large events and gatherings.
- Encased in lush greenery and bathed in natural light, the Om Dome promises a rejuvenating experience, embracing the essence of holistic well-being.
- The semi-circular design accommodates a sizable audience while harmonizing with the natural surroundings. Strategically positioned, it effortlessly integrates into the landscape, ensuring a beautiful blend of architecture and nature.

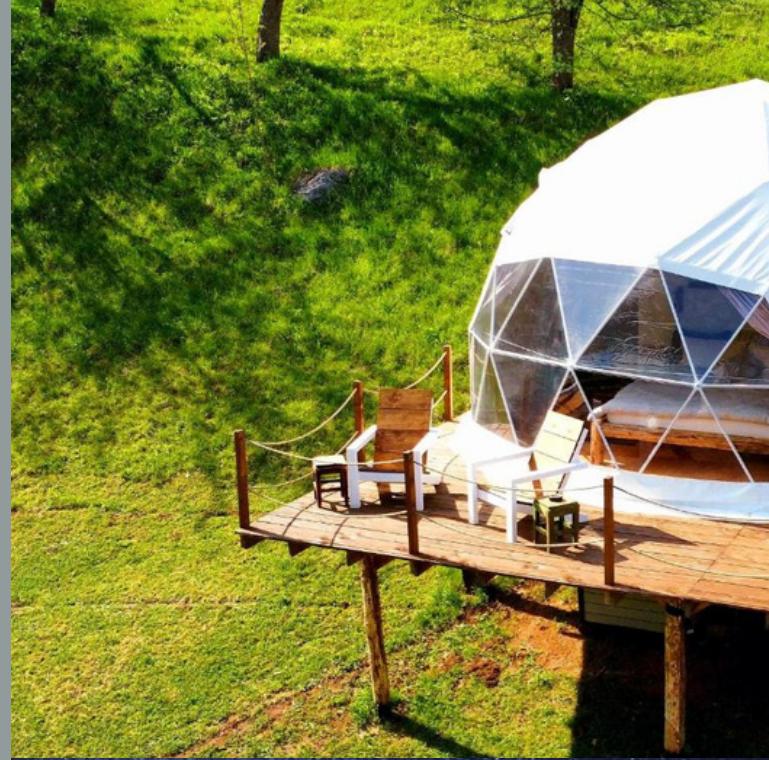

# The Treatment Dome

- Perched at the top of the property and encased in natural bushland, the treatment dome is a tranquil bliss bubble.
- With a focus on Australian bush flower essences and traditional therapies; the treatments are designed to honour traditional therapies from around the world including Ayurveda and Kampo
- With nurses and therapists on call, we can offer the latest technologies in medical recovery such as selenium and nutrient IV.
- Centrally located between the glamping and villa areas, it's perfectly located for easy access no matter where guests are residing.

# Geodesic Glamping Domes

- Nestled into the hillside, our geodesic glamping domes command breathtaking views across the expansive property, creating an idyllic retreat harmonized with the natural contours.
- Perched on a pitched deck, these domes offer a captivating vantage point for stargazing. The ample exterior space invites guests to unwind under the celestial canopy, creating a magical connection with the night sky.
- Connected to the main resort via charming boardwalks, the geodesic glamping domes seamlessly integrate into the landscape, providing an enchanting journey from nature to comfort.
- Featuring a clear, open front, the domes present unobstructed views over the valley, ensuring an immersive experience that captures the essence of the surrounding beauty.

# Nature Sauna, Ice Baths + Rainwater Showers

- Nestled among the trees at the base of the hill, our wellness pods are seamlessly connected to the resort.
- Within each pod, experience the harmony of hot-cold therapy as saunas and ice baths stand side by side. This unique pairing provides a rejuvenating contrast, promoting relaxation and revitalisation.
- Before and after your therapeutic experience, indulge in refreshing rainwater showers. Designed for a cleansing and invigorating rinse, these showers enhance the overall wellness journey.
- While enjoying the therapeutic benefits, immerse yourself in the tranquil ambiance with picturesque views of the lakes. The design of each pod ensures a connection with nature, creating a serene space for relaxation and contemplation.

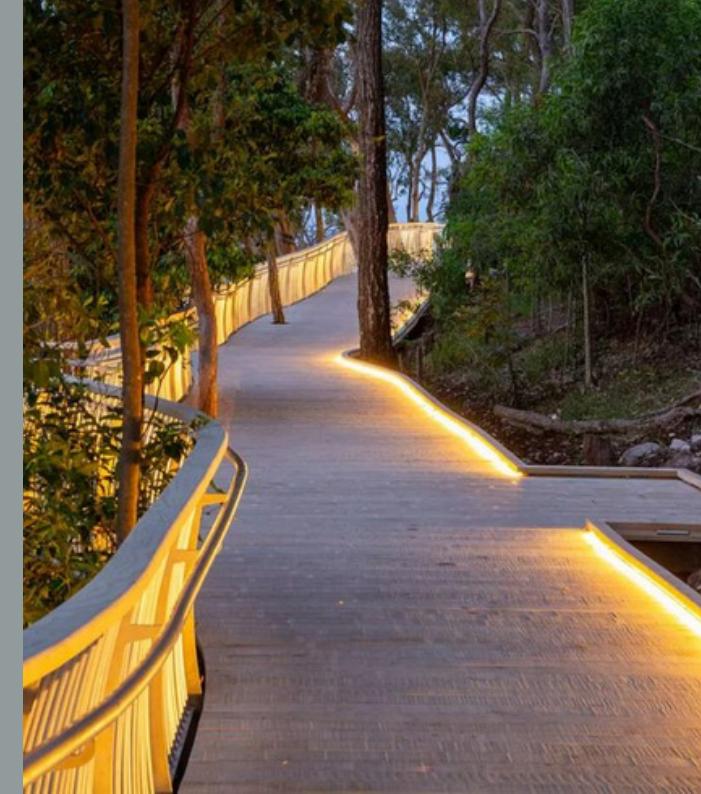

# Japanese Mineral Baths

- Perched on the edge of platforms and seamlessly blending into the bushland, our mineral baths offer a picturesque retreat with a touch of Japanese-inspired luxury.
- Enriched with authentic Japanese bathing minerals, our baths provide a holistic and rejuvenating experience, promoting wellness and relaxation in a culturally inspired setting.
- For your comfort and wellbeing, our mineral baths feature state-of-the-art UV filtration, ensuring the water remains pristine and sanitary. Immerse yourself in the tranquil waters while enjoying the assurance of a clean and revitalising bathing experience.

# Boardwalks and Airbridge

- Our expansive property boasts a collection of nature boardwalks and bridges, inviting guests to unravel the beauty of the land from myriad perspectives.
- Guests can enjoy the unique experience of walking amidst the tree canopy. This elevated experience allows them to connect with the natural wonders that unfold above the forest floor.
- Strategically woven through the landscape, our trails and boardwalks form a network connecting guests' accommodation directly to the facilities and amenities. This careful integration allows for a seamless and picturesque journey through the natural tapestry of our retreat, minimising environmental impact.

## Foraging Trail

- Experience the tranquility along our curated trail, tracing the serene border of the river. This pathway is a treasure trove of native and non-invasive delights.
- Designed with culinary creativity in mind, this trail serves as a haven for our chefs. They source inspiration directly from nature's larder.
- Not just exclusive to chefs, this trail is also open to guests participating in private paddock-to-plate tours or cooking classes. Immerse yourself in the art of foraging, connecting with the land and ingredients.
