Re: Re-Run FY 2026 SN Provider Threshold Report

Please be advised that CMS recommends users re-run the Fiscal Year (FY) 2026 SN Provider Threshold Report (PTR). The report displayed inaccurate values for the total number of assessments submitted, number of assessments submitted complete, and percentage of assessments submitted complete. The calculation was incorrectly counting combined PPS Admission and Discharge assessments for the numerator and denominator. The resulted in an incorrect and higher percentage of assessments submitted complete being displayed on the report.

The calculations have been corrected in the report as of 7/29/25 at 4:45PM.
