Re: Public Health Law Section 2808-e(2): SNF Posting Requirement

Please be advised that legislation passed in September 2024 under [Section 2808-e\(2\) of the Public Health Law](#) will require facilities to post their CMS Five Star ratings on any facility website as well as post in a visible area for residents and visitors as of **December 26th, 2024**.

Additionally, the required posting includes the Facility overall Five Star Rating as well as the rating for each of the three specific components: Health Inspections (Surveys), Staffing and Quality Measures (QMs).

We understand that this is a very brief time from legislation to implementation and have reached out to the NYSDOH for further information. If there is any update on this, we will provide additional information.
