RE: GNYBF AND NBF – COVERAGE OF COVID-19 VACCINE COSTS

Please be advised that we have verified that the various 1199 Benefit Funds will cover costs associated with the employee COVID vaccinations. Further, we contacted the Union to ask for their assistance and cooperation in getting the employees to provide their insurance information to the pharmacies. We understand the Union will be encouraging their members to get informed, get vaccinated and follow Benefit Fund procedures for coverage of services. If your facility or the pharmacies experience any issues in getting the employees' insurance information, please let us know.

Thank you.
