CARD 1 — TRANSFORMATION

- Something in your **money story is ready to change**
- You are being asked to **stop carrying what no longer belongs in your next chapter**
- The old way may have protected you, but it doesn't need to come with you.
- Release the beliefs, behaviours and patterns that keep recreating the same financial reality
- You don't have to know exactly what comes next to **let go of what you know is complete**
- This is an invitation to **choose differently with money**
- **The old story ends when you stop repeating it**
- Ask yourself: *What am I finally ready to leave behind?*

CARD 2 — SPIRITUAL UNION

- Your relationship with money is a **relationship**
- Prosperity grows when your **inner world and outer choices come into alignment**
- Notice where you say you want abundance, but your beliefs or actions are saying something different
- Bring your **heart, mind and choices into agreement**
- Stop fighting money, fearing it or chasing it — begin creating a healthier relationship with it
- Allow money to become something you can **trust, receive and work with**
- When you come into alignment with what you desire, you stop pushing it away
- Ask yourself: *What would a loving, trusting relationship with money look like for me?*

CARD 3 — SACRAL CHAKRA — REVERSED

- There may be a **block around receiving, pleasure and desire**
- You may want more financially, but part of you may not feel **safe or worthy enough to receive it**
- Notice guilt around wanting more, spending on yourself or enjoying what you've created
- Prosperity isn't only about earning money — it's about your **capacity to receive and enjoy it**
- Reconnect with what genuinely **excites you**
- Give yourself permission to **want what you want**
- Money can flow toward **joy, creativity and possibility**, not only responsibility and survival
- Ask yourself: *Where am I still denying myself permission to receive more?*
