Preamble

First and foremost, we want you and everyone to have as much fun as possible during the WOO Worlds 2025 competition.

We consider ourselves at service to the kite community, and want to enhance this awesome hobby for everyone, connect riders across the globe, and share the love we all feel for kiteboarding.

That said, to keep things fun for everyone, we have to keep one aspect of WOO fair and level, and that is the game we all love to play. Every game and competition needs rules, regulations, and a referee to enforce them. We're very well aware that the referee usually is the least liked individual in the whole arena, so we don't take this responsibility lightly and dedicate a large portion of our time to do as good a job as possible. This document is our shot to inform everyone about the rules and guidelines of the WOO Worlds 2025, and how you can ensure that you play fair. In an ideal world, we never have to put our referee in action to enforce them. We really trust and bet on the fairness and integrity of our community. In case we have to enforce them, we follow clear procedures and guidelines to treat every member of the WOO community equally.

The general [WOO Rules & Guidelines](#) stay valid during the whole WOO Worlds 2025.

Team Challenges

Participating in a Team Challenge

Competing in the Team Challenges is very easy.

1. Go to: <https://teams.wooworlds.com>
2. Log in to your WOO account
3. You can create your own Team, search for an existing Team to join, accept an invitation from a friend's Team, or if you're the Team Boss/Captain: approve requests from others to join your Team. We recommend having at least 5 Members, since we count the top 5 scores from each Team.

Extra Team Challenge Information

All General Rules apply.

- **Note that you can create a team, edit a team name, delete members and delete the team until the 12th of September 2025 at 10am UTC.** After this the WOO Worlds will start and you will only be able to invite and/or accept new members.
- An Individual can only be a member of one Team. With your Team, you can compete in all three Team Challenges.
- Make sure to have the WOO Worlds toggle button enabled while uploading your session. This button will be visible in the WOO Sports app while uploading your session between September 13th till October 12th 2025.
- Add a Group Chat link that only your Team members can see on your Team page. You can generate a link from e.g. WhatsApp, making it simple for everyone to chat, share updates, plan sessions together and collaborate.

Available Team Challenges

There are 3 different Team Challenges:

1. Team Total Distance (GPS)
2. Team Total Height (WOO Sensor).
3. Team Max Height (WOO Sensor)

Example 1:

You go out with your Watch and a WOO 3.0 or 4.0 Sensor and upload your session while enabling the WOO Worlds toggle button. There will be jump data and distance data so your session will count for your Team in all three Team Challenges. Note that it will only count to the Team Challenge that is running at the moment of recording and uploading.

Example 2:

You go out with just your Watch or GPS phone (no WOO Sensor) and upload your session. There will be only distance data (no jump data) so your session will count for your Team in the Team Total Distance Challenge

Example 3:

You go out with just your WOO 3.0 or 4.0 Sensor (no GPS phone or Watch) and upload your session. There will be only jump data (no distance data) so your session will count for your Team in the Team Total Height Challenge and in the Team Highest Jumps Challenge.

Nations Cup

All General Rules apply.

Start Date	September 13, 2025 0:00h
End Date	October 12, 2025 23:59h
Tech Requirements	Height must be recorded with a WOO 3.0 or 4.0 . GPS sessions must be recorded on the WOO App using either a phone, Apple Watch, Garmin watch, or Android watch .
Counted Metric	Max Height - GPS Distance 1 Hour
Profile Requirements	Nationality set according to your passport

How it works

1. Everyone who posts a Big Air or GPS session will contribute to their country.
2. From all sessions posted we will take the
 - Women Kite Highest Jump
 - Junior Kite Highest Jump
 - Senior Kite Highest Jump
 - Overall Kite 1st Highest Jump
 - Overall Kite 2nd Highest Jump
 - Overall Kite 3rd Highest Jump
 - Men Wing Highest Jump
 - Women Wing Highest Jump
 - Men Distance 1 Hour
 - Women Distance 1 Hour
3. These 10 scores will be summed up together. The outcome will be the country's score.

For example:

- Overall Highest Jump: 25 Meter
- Women Kite Highest Jump: 15 Meter
- Men Wing Highest Jump: 5 Meter
- Women Distance 1 Hour: 40 Kilometer
- **Total Nations Score: 25 + 15 + 5 + 40 = 85**

Extra information

- By posting a Big Air session and enabling the WOO Worlds toggle in the app you will automatically participate in the Nations Cup.
- Your Highest Jump will be counted towards your country that you chose in the settings of your WOO profile within the WOO Sports app.
- Your nationality must be matching your passport, not where you are currently resident. If this information is incorrect disqualification can follow and can lead to a permanent ban on the WOO platform.
- No individual will be counted twice within the Kite Highest Jump. Example: If a Senior/Junior/Women rider also achieves one of the top 3 Overall Highest Jumps, their result will count as their official position in the Senior/Junior/Women category (since S/J/W takes precedence over Overall).
- An individual can contribute to multiple disciplines. They can contribute one score to a Kite Highest Jump, one score to a Wing Highest Jump and one score to Distance 1 Hour.
- The 1st, 2nd & 3rd Highest Overall Jumps can be achieved by riders from any category (Men, Women, Junior, Senior). If the #1 rider in a Junior, Senior, or Women category has already secured their category win, then only riders from that same category with a lower score than the category winner may still appear in the Overall rankings.

Kite Giveaway Lottery

1. We will number all the lottery tickets on the lottery days and use a random number generator to determine which lottery ticket wins the prize.
2. Anyone uploading a Valid WOO Worlds Session will automatically participate in the Kite Giveaway Lottery.
3. Every time you upload a Valid WOO Worlds Session, you will get one "lottery ticket", so the more you upload the more chances you have of winning a kite set.
4. A valid WOO Worlds session must be at least 30 minutes long.
