COUPLING GUARDS

Coupling Guards prevent access to exposed pinch points around couplings and rotating shaft applications, ensuring safety in the workplace.

EASY TO INSTALL

- Self-supporting, adjustable design
- Custom fit for each application
- No welding or cutting required
- Adjustable side fill plates and mounting legs

EASY TO MAINTAIN

- Removable top for access to coupling or shaft
- Bottom slots help reduce material build-up
- Sectional design for ease of installation

BUILT TO LAST

- Heavy-duty steel construction
- Also available in stainless steel or aluminum
- Powder coated for increased durability

CUSTOMIZE YOUR COUPLING GUARDS WITH THE FOLLOWING OPTIONS:

- **Laser Cut Identification:** Easily reference equipment when performing maintenance tasks
- **Handles:** Ergonomically friendly handles for easy removal of guards
