

Client Projects

A to Z Listing

Jarrah Corporate Pty Ltd · Version 01 September 2026

An A to Z listing of clients and project activities undertaken by Jarrah Corporate Pty Ltd. Projects noted (via ASG) were undertaken in full or in part through business associate Advanced Solutions Group. Accredited training is provided through auspice arrangements with selected RTO partners.

A

Adani / Bravus Mining

- Provision of Professional Personnel:
 - Site Senior Executive (SSE)
 - HST Manager
 - Risk Manager
 - Training Coordinator/s
 - Safety Coordinator/s
- Development of SHMS, Training Scheme, F2F induction (mapped to Rec. Std 11), Online Induction and SOP Training and VoC Tools.
- Facilitation of mock Court Trial workshop – Industrial Manslaughter legislation.
- Presentations to Board re: Risk and Industrial Manslaughter legislation.
- Legislative compliance audit across Mining, Construction and Rail operations (4 legislations).
- Recognised Standard 22 Implementation Support – Carmichael Coal Mine.
- Facilitation of Desktop Audit of WHS System for Off Lease operations.
- Development of Off Lease WHSMS.
- Development of targeted training and assessment programs.
- Development of RII VoC assessments and WRAC / Bow-Tie assessments.
- Facilitation of OCE Training & Mentoring Programs.
- Review, audit, rationalisation and redevelopment of Labona Camp SHMS.
- BBRA review and development for Carmichael Coal Mine.
- Review and update of identified SHMS documents – Carmichael Coal Mine.
- Boundary impact review of Labona Camp SHMS.
- Facilitation of ICAM Investigations.

AEPMA

- Development and delivery of Field Biologist Training program.

Alpha HPA

- Development of legislative audit protocol for Operational Chemical Processing Facilities.
- Development and integration of risk management framework in support of Safety Case Study.

AngloAmerican (CapCoal)

- Provision of Professional Personnel:
 - HST & Investigation resource
- Facilitation of OCE Training & Mentoring Full and Upgrade Programs.
- Recognised Standard 22 implementation support including Letters of Appointment and VoC assessments.
- Facilitation of Risk Owner and BBRA alignment 'Risk Responsibility Awareness' Training Program.

Ausenco Limited

- Facilitation of Risk Assessments for Fatigue Management & Change of Roster – Capricorn Copper Concentrator.
- Training Scheme and System Audit & Action – including redraft of Training processes, TNA development and implementation into SMS.

Australian Institute of Marine Science (AIMS)

- Facilitation of ladder and stair structures assessment – Cape Cleveland Operations.

B

Batchfire Resources (Callide Mine)

- Provision of Professional Personnel:
 - HST Manager
 - Relief Training Superintendent
 - Relief HST Superintendent
 - Health and Injury Management Specialist
- Facilitation of OCE Training & Mentoring Full and Upgrade Programs.
- Facilitation of Risk Workshops (WRACs) and independent ICAM investigations.

- Training Scheme & Process Audit – redrafting Scheme, TNA, Assessment Tools (mapped to RIIs), legislative compliance mapping.
- Provision of support for CMS system revision, redevelopment and implementation.
- Coordination of SAI360 system establishment and implementation on site.
- Facilitation of Second Party Audit of Training system against RS11.

Bennett Contracting (via ASG)

- Facilitation of independent ICAM Incident Investigations.

BHP Billiton

- Development of material risk framework – drinking water (Material Risk Specialist support).
- Development of BMA Training Tracks – overarching BHP Coal assets Training Scheme.
- Provision of WHS legislation training for Property Management Team.

BHP Mitsubishi Alliance (BMA) Group

- Rationalisation, Optimisation and Re-Establishment of SHMS across all QLD mining and non-mining sites.
- Preparation and delivery of AQF5 and AQF6 VoCs to support RS22 compliance.
- Facilitation of site BBRA and PHMP reviews. Provision of Management Structure advice.
- Support standardisation and simplification of Asset level processes, systems and documentation.
- Preparation of documents to support remote dozer implementation at identified BMA sites.
- Recognised Standard 22 Compliance Framework project delivery.
- Facilitation of RII Refresher/RPL Training and WHS Legislation Training program.
- Development and facilitation of WHS and Training Awareness Programs – Integrated Operations Team.
- Provision of Targeted Training RPL Programs for BMA HSS Senior Persons.

Bluestone Mines Tasmania (BMTJV)

- Provision of Professional Personnel:
 - Training Coordinator
 - Training Specialist
 - Safety Coordinator
- Develop site wide Training Management Plan / Training Scheme and Training Schedule.
- Redevelop training and assessment materials and comprehensive TNA.
- Develop competency induction program/s.
- Delivery of accredited skills training, including HRWL.

BMA Broadmeadow Mine

- Large scale risk assessment facilitation and technical document preparation.
- Provision of Electrical Management Updates for Broadmeadow SHMS.
- Provision of support to EEM during longwall movement operations.
- Facilitation of Targeted RII RPL Training.

BMA Caval Ridge Mine

- Provision of Professional Personnel:
 - Training professional for Site Systems and Training Department
- Facilitation of OCE Training & Mentoring Program.
- Audit of Training Scheme, TNA and processes – including redraft of Training Scheme, TNA and Section 55 Management Structure.

BMA Exploration

- Review, audit and gap analysis of the Exploration SHMS.

BMA Goonyella Riverside

- Facilitation of RII60726 Advanced Diploma training programs.
- Support for Surface Mine Manager preparation and exam

BMA Infrastructure & Services

- Provision of Professional Personnel:
 - Site Systems Support Specialist
 - Training Specialist
 - Training Administrator
 - Fire Warden professional
- Provision of Standard 11 Refresher Training and Contractor Management Audit.
- Development of WHS Management System and online training packages.
- Facilitation of Risk Accountability and WHS Legislation Awareness training.
- Review and update of TNA including alignment in Intelics.
- Revision and update of Building Wardens procedure and risk assessment materials.
- Review and update key equipment compliance documentation. Facilitation of SMS standardisation project.

BMA Integrated Operations

- Development of AQF 5 & 6 Verification of Competency (VoC) packages and support.
- Facilitation of RII Refresher Training and SMS compliance, rationalisation and reimplementation project.

BHP / BMA Major Shutdowns

- Provision of long-term Professional Personnel:
 - SSE Compliance Officer
 - Principal Site Systems
 - Mines Compliance Officer
 - Contractor Coordinator
- Redevelopment and rationalisation of SHMS and Training Management Systems.
- Coal Mine Operator audit of SHMS.
- Facilitation of independent ICAM investigations, Legislation and Mock Court training programs.
- Facilitation of in-depth Layered Audits and various Risk Workshops (WRACs).
- Purpose Built Central Gas Delivery and Shutoff System.
- Complete solution for Confined Space Material Risk training and assessment.
- Development of MSD Laydown Yard Safety Management System.

BMA Peak Downs Mine

- Provision of Professional Personnel:
 - Senior HST and Investigations resource
 - Mining and ERT Support Specialist
 - Relief Contracts and Site Systems Superintendent
 - Acting Risk Owner for Material Risks
- Coordination of Autonomous Dozer implementation.
- Facilitation of OCE training, mentoring programs and legislative training workshops.
- Facilitation of RII Training Programs (full, RPL and Refresher).
- Implementation of Technical Development program for Mining Department (RS22).
- Facilitation of BBRA and Targeted Training Programs for RS22 compliance.
- Facilitation of RII60726 Advanced Diploma training programs.
- Support for Surface Mine Manager preparation and exam

BMA Planning, Technical & Environment

- Facilitation of legislation awareness training and RIIWHS403E RPL Training.

BMA Saraji Mine

- Provision of Professional Personnel:
 - Safety Specialist
 - Technical Writer – Administrator
- Facilitation of Risk Workshops and OCE Training – Saraji and Saraji South Mines.
- Development of Planned Task Confirmation documents.
- Facilitation of SHMS rationalisation, optimisation and reimplementation project.
- Facilitation of accredited RII training programs (full, refresher, RCC and RPL).
- Facilitation of RII Full & Refresher Training including RIIRIS601E (G3) and RIIWHS601E (G7) to Risk and Control Owners.
- Facilitation of RII60720 and RII60726 Advanced Diploma training and RS22 Targeted Training Programs.

Bounty Mining Cook (U/G) Colliery

- Provision of long-term Professional Personnel:
 - Safety & Training Coordinator
 - Site Senior Executive
- Redraft of Underground SHMS and Training Scheme.
- Development of TNA and support systems.

Bowen Coking Coal Limited

- Provision of Professional Personnel:
 - Senior HST Specialist
 - HST Advisor
- Facilitation of desktop audit of SHMS – Burton Refurbishment of CHPP, Camp and Haul Road.
- Provision of Targeted RPL Training Programs.

Bowen Rail Company

- Provision of Professional Personnel:
 - Safety Professional
- Facilitation of Rail Safety Investigation

Brisbane City Council (via ASG)

- Facilitation of Risk Assessments across Brisbane operations.
- Development and facilitation of WHS Capability Development workshops.
- Leadership development program design and delivery.
- Provision of independent investigation services.

C

Careers Australia

- Facilitation of merge with Master Electricians Australia.
- Development of numerous Cert 3, Cert 4 and Diploma Qualifications.

Clough Engineering

- Provision of Professional Personnel:
 - HSE Consultant
- Development of Training Management Plan, TNA and project Skills Matrix.
- Develop suite of VoC templates for onsite training and online project induction program/s.
- Develop HSE CMS process and implement Contractor Management System.
- Design and delivery of Effective Project Safety Communications Workshop.
- Development and facilitation of construction industry supervisors WHS Skills Workshop.

Coronado Global – Curragh Mine

- Facilitation of OCE Cert IV training, coaching and mentoring.
- Facilitation of RII60726 Advanced Diploma training programs.
- Support for Surface Mine Manager preparation and exam

D

DRA Global

- Provision of long-term Professional Personnel:
 - HST Advisor
 - Training Specialist
 - Contract Safety Advisor
- Development of complete SHMS for QLD Coal Operations.
- Development and hosting of online induction and SOP Training Solution – Gregory Crinum CHPP.
- Development of extensive suite of VoC tools mapped to RII units.
- Review and implementation of SHMS for Bravus Carmichael Coal Mine CHPP construction.
- Development of Management Plans – Bravus Carmichael Coal Mine CHPP operations.
- Recognised Standard 22 Implementation Support including Letters of Appointment and VoC assessments.
- Facilitation of Root Cause Analysis (RCA) workshop and incident analysis and close-out support.

DWF Lawyers

- Facilitation of Legal Professional Privilege investigations.

E

EDL Energy

- Development of bespoke Risk Management Training Packages.
- Review of Critical Risk Management framework.

Ekidna Enterprises Pty Ltd

- Development of SHMS.

Engro Power (Pakistan)

- Facilitation of Hydrogeological study and assessment.
- Critical Control Management training.

EQ Resources

- Provision of Professional Personnel:
 - General Manager / SSE
 - HST Superintendent
 - Maintenance Superintendent
 - RRTWC
 - Safety, Training and Risk Manager
- Facilitation of RII50120 Diploma in Surface Operations Management training.
- Provision of Workers Compensation and Rehabilitation management services.
- Provision of SHMS Audit.
- Redevelopment of SHMS, Critical Risk Framework and Induction systems.
- Provision of bespoke RII training programs.

ERA Ranger Mine

- Provision of targeted onsite training programs.
- Development of Verification of Competency (VoC) and Familiarisation tools.
- Update Training Standard.

ESS Support Services Worldwide

- Facilitation of CMO Effectiveness Audit and RS22 Alignment Reviews – Eureka Creek Village.
- Design and hosting of online integrated Std 11 / site induction program – Eureka Creek Village.

Evolution Mining

- Provision of Senior Training Professional on site, including:
 - Senior Risk Professional
 - Senior Training Advisor
 - RRTWC Professional
 - Safety and Risk Professionals
- Redevelopment of comprehensive site TNA and Critical Risk Framework.
- Provision of Risk and Compliance Superintendent on site.
- Facilitation of Worker Compensation and Rehabilitation system and practice review.
- Development of Fitness for Work, Generic Mining Equipment (GME) and Generic Move and Test online training programs.

Exact Contracting

- Development of extensive suite of SOPs and Verification of Competency (VoC) packages and support.

F

Foxleigh Mine

- Facilitation of OCE Training & Mentoring Program.
- Review of Training Scheme and TNA – provision of report to CEO.
- Provision of Targeted RPL Training Programs as part of RII60720.
- Support for Surface Mine Manager preparation and exam.

G

Gadens

- Facilitation of Legal Professional Privilege investigations.

Galang Place

- Facilitation of WHS Inspection at the Healing Hub.

Glencore Bauxite Resources

- Provision of long-term Professional Personnel:
 - HST Superintendent
- Development of Safety Management System and Training Scheme for Bauxite Operations.
- Delivery of Supervisory training programs.
- Development and hosting of online induction & SOP training.
- Facilitation of feasibility study & Broad Brush Risk Assessment.

Glencore Queensland Metals

- Development and facilitation of Environmental Management Workshop.
- Development of a comprehensive training strategy and legislative mapping guide.

Glencore, Collinsville Coal

- Facilitation of Targeted Training Programs for Recognised Standard 22 compliance.

Glencore, Newlands Coal

- Provision of Professional Personnel:
 - HSET Project Support
- Review, Rationalisation and Re-establishment of SHMS for Mine Closure and Rehabilitation.
- Provision of OCE Oral Examination support, mentoring and RII40220 unit training.
- RS22 solution to suit revised SHMS and operational phase.
- Provision of Targeted RPL Training Programs to support RS22.

Glencore Townsville Operations

- Business Plan workshop facilitation and development.

Golding Contractors

- Provision of Professional Personnel:
 - Contract SHE Superintendent at Baralaba Mine

G&S Engineering

- Provision of Professional Personnel:
 - Site Senior Executive (SSE)
 - HST Superintendent (Adani Carmichael Coal Mine CHPP Project)
- Provision of Identified SHMS Assessment documentation.
- Conduct Gap analysis of Senior Position Training Requirements.

H

Harmony Mining

- Provision of SSE application support and RII50120 training.

HSE Mining

- Provision of Professional Personnel:
 - Contract Safety & Training Advisor (BMC South Walker Creek)

I

Incitec Pivot Limited

- Development and facilitation of compliance audit.

Institute of Quarrying Australia (IQA)

- Development of F2F and online Supervisor Safety training programs.
- Development and Implementation QLD Legislation Training for Quarry Operators.
- Facilitation of Teleconference based SA Quarry Manager legislation training.

J

Jellinbah Mining

- Provision of long term Safety, Training, Risk and Project Management Support – Mackenzie North.
- Development and implementation of MacKenzie North SHMS & Training Scheme.
- Development and facilitation of all plant & equipment RII VoCs, SOPs and Induction on site.
- Facilitation of OCE Training & Mentoring Program.
- Recognised Standard 22 Implementation Support including Letters of Appointment and VoC assessments.
- Revision and re-drafting of Training Scheme and Management Structure.
- Review and optimisation of the Jellinbah training system, including implementation of Damstra.
- Development of BASE Leadership framework for supervisors.
- Restructure and develop induction process and program.
- Facilitation of accredited RII training programs (full, refresher and RPL).

- Facilitation of Targeted RPL Training Programs and RS22 aligned TNA.
- Open Cut Examiner (OCE) coaching and exam preparation.
- Facilitation of RII60726 Advanced Diploma training programs.
- Support for Surface Mine Manager preparation and exam.

Jubilee Metals

- Provision of Professional Personnel:
 - HST Specialist
 - Site Senior Executive (Metalliferous)
- Development of Exploration/Drilling SHMS and ongoing project SHMS development and review.

Juwi Energy

- Provision of Professional Personnel:
 - HST Specialist
- Development of SHMS and implementation of OFSC framework.

K

Kaipara Limited (New Zealand)

- Development of Kaipara Quarry Safety Management System.
- Facilitation of F2F supervisor and management training – Brookby and Smyth Quarries, NZ.

Keyed Up Solutions Pty Ltd

- Development of SHMS.

Kirkland Lake Gold

- Facilitation of S123 (G189) training programs.
- Development of site TNA.

L

Leigh Creek Energy

- Facilitation of independent ICAM investigations.

Lightning Minerals

- Development of QLD, NSW and WA exploration operations SHMS.

Lightsource bp Australia

- Audit of Principal Contractor against client HSE requirements, ISO45001 and QLD WHS legislation.
- Facilitation of independent ICAM investigations.

M

M+J Builders

- Development of suite of VoC tools mapped to RII units.
- Development of Integrated Management System (IMS) and coordination of ISO accreditation.
- Revision of Contractor Safety Management System.

- Development of mapped RII training and assessment programs for S123 (G189).
- Development of bespoke familiarisation tools for specific IMS documentation.
- Provision of remote safety advisory support services.
- Development of Environmental Plans and Registers.

Manuka Copper & Gold Mine

- Development of SHMS.
- Audit and redraft of Training Plan, TNA, Skills Matrix and Training Schedule – restart of operations.

Martinus Rail (via ASG)

- Development and implementation of Chain of Responsibility process.
- Preparation of Lead & Lag indicators dashboard.

Middlemount Coal

- Provision of bespoke RII training program to support supervisor and manager development program.

Millennium Mine

- Provision of SHMS Development support.
- Recognised Standard 22 implementation.
- BBRA and WRAC & SOP facilitation.

Moorvale Earthmoving

- Establish and implement multi-legislation integrated Quality, Environment, Safety & Health Management System.
- Accompany HST team through accreditation audit process.
- Development of Safety Working Guides and preparation for OFSC audit alignment.

N

New Wilkie Energy

- Provision of Professional Personnel:
 - Senior HST Advisor
- Facilitation of risk assessment workshops (BBRA and WRACs).
- Update of existing suite of SOPs.
- Facilitation of SHMS document review.
- Facilitation of RII60726 Advanced Diploma training programs.

NT Minerals

- Development of Risk Management Plan & Safety Management System.

O

OSaTI (via ASG)

- Development of mapped RII training and assessment programs for S123 (G189), G2 and other units, plus full Cert 3 & 4 RPL kits.

P

Paramount Training

- Delivery of bespoke soft-skill training programs (Team building, Time Management, Conflict Management, People Liaison, Difficult Conversations etc.).

Peabody Energy Australia

- SAWOL (Safety As a Way Of Life) Audits – NSW and QLD operations.
- Audit of Training Records and Mine Worker Medical Records compliance.
- Recognised Standard 22 Implementation Support including Letters of Appointment and VoC assessments – various Open Cut and Underground Mines.
- Facilitation of RII Training Programs on-site.
- Close out of Coal Mine Operator audit actions and refresh of SHMS across open cut operations.
- Open Cut Examiner (OCE) coaching and exam preparation.
- RS22 implementation support and provision of My Competency Expert (MCE) software for CMJV operations.

Pembroke Resources

- Provision of Professional Personnel:
 - HST Professional
- Recognised Standard 22 implementation support including Letters of Appointment and VoC assessments – Olive Downs Complex.
- Development of non-accredited online training programs.
- Support for Practising Certificate Scheme compliance.

Pinnacle Safety & Training

- Development of BSB40520 Cert IV Leadership and Management program.
- Development of online Diploma of WHS (BSB51319) and Online S123 & G2 Training programs.
- Development of online and F2F Cert IV WHS (BSB41419) Training and Assessment Program.
- Development of F2F TAE40116 Cert IV and F2F ICAM training programs.
- Validation of numerous units across multiple Training Packages.
- Facilitation of Cert IV WHS, Cert IV TAE and other training programs.
- Development of WA WHS training program and F2F course for Victorian Ports Corporation.

Q

QLD Department of Education (via ASG)

- Facilitation of 42 Role Based Risk Assessments (remote and F2F).
- Development of risk profile for QLD roles.

R

Resolute Mediation & Dispute Services

- Development of Business Plan and Company Operations procedures.
- Business management system development and coaching.

S

Sindh Engro Coal Mining Company (SECMC) – Pakistan

- Provision of auditing and consultancy services on site (Pakistan) and offsite.
- Safety Culture Assessment.
- Development of ISO45001 and 31000 accredited Safety Management System.
- Facilitation of Hydrogeological well behaviour study and groundwater assessment.
- Hosting of Australian Field Visits and on site HSET auditing and inspections.
- Facilitation of Critical Control Verification workshops and training.
- Facilitation of site based RII Training Programs to Advanced Diploma level.
- Development of Field Leadership framework and training program.
- Facilitation of Enterprise Wide Risk Assessment and remote Field Leadership Program training.
- Revision and redraft of Hydrogeological Model for Thar Block II Mine.
- Groundwater Modelling & Calibration training using Modflow Scope.
- Provision of Incident Performance Benchmarking Study.

Sojitz Coal

- Provision of long term Professional Personnel:
 - Relief Training Coordinator for Gregory Crinum Mine
- Audit and re-draft of site Training Scheme and TNA.
- Provision of Induction and SOP training solution for Gregory Crinum Mine.

South 32

- Provision of Professional Personnel:
 - Manager Operations for Eagle Downs
 - HST Manager for Eagle Downs
 - Training Coordinator
- Audit and redraft of Underground Operations Training Scheme, TNA, Skills Matrix, s.55 Management Structure.
- Development and hosting of online induction and SOP Training Solution – Eagle Downs Coal Mine Project.
- SOP & key SHMS documentation review and redrafting.
- Targeted training for Underground Mine Manager and Senior Management.
- Recognised Standard 22 Implementation Support including Letters of Appointment and VoC assessments.

Stanmore Resources, Poitrel Mine

- Provision of Professional Personnel:
 - Site Systems Specialist

– Training Specialist

- Facilitation of OCE Training & Mentoring Program and Legislation / Industrial Manslaughter Mock Court.
- PHMP risk and control review. Training Scheme and TNA re-development.
- CSMHA s55 and Recognised Standard 22 Management Structure planning.
- HSE Strategic Planning and Senior Management mentoring.
- Mapping of SHMS to ISO45001. Revision of SHMS for compliance. Audit Emergency Preparedness Plans.
- Provision of Field Leadership Framework Development and Training Program.
- Provision of SSE exam coaching, mentoring and preparation for BOE assessment.
- Development of bespoke legal compliance audit tool.
- Revision of contractors SHMS and Red Mountain Infrastructure SHMS integration into Poitrel Mine SHMS.
- Development of Liquid Nitrogen Handling Training Program.
- Facilitation of Conflict Management and Resolution training.
- Revision of Risk Framework and Letters of Appointment.

Stanmore Resources, Red Mountain Infrastructure

- Mapping of SHMS to ISO45001. Revision of SHMS for compliance. Revision of PHMPs.
- Audit Emergency Preparedness Plans.
- Provision of Field Leadership Framework Development and Training Program.

Stanmore Resources, South Walker Creek Mine

- Provision of Professional Personnel (on and off-site):
 - SHMS Specialist
 - Training & Administration Support
 - Training Coordinator
- Audit and redraft of Training Scheme, TNA, Section 55 Management Structure and KPIs.
- Development of complete WHS Management System & Training Management System – Braeside Operations.
- Development of Severe Weather TARP Training Program.
- Review of SWC Safety and Health Management Plan and CSMHA s.55 Management Structure Audit.
- SOP Refresh Training remediation support. Review and restructure PHMPs.
- Redevelop s.55 Management Structure and RS22 Roadmap and associated training needs.
- SSE Exam Coaching. Facilitation of OCE Training & Mentoring Program.
- Facilitation of RII Training Programs (RPL, Refresher and Full) and Legislative Training for SS&T team.
- Provision of Field Leadership Framework Development and Training Program.

State Library of Queensland

- WHS Audit, reporting and implementation of Corrective Action Plan.

Sunwater

- Provision of long-term Professional Personnel:
 - HS&T resources
- Review of key SHMS and HSE documents.

- Redraft and implementation of incident investigation procedure.
- Development and delivery of 5 Whys Training Program – QLD regional areas.
- Review and improvement of Contractor Management System.
- Provision of WHS for Supervisors Training Development Workshop – QLD regional areas.
- Delivery of Sunwater specific Risk Management & Incident Investigation Training Program.

T

Teach Starter

- Facilitation of Office Staff Ergonomic Assessments and Office Environment Risk Assessments.
- Provision of Rehabilitation of RTW Coordinator Services.

Telekeys Communications

- Development of a fit-for-purpose SHMS and Vendor assurance process.

Terracom – Blair Athol Mine

- Provision of Professional Personnel:
 - HST Superintendent
- Facilitation of BBRA review and development of Critical Control Management and Bowties.
- Provision of bespoke RII training programs.

Thiess, Lake Vermont (via ASG)

- Provision of contract HST Manager.
- Recognised Standard 22 implementation support.
- Provision and site user support for My Competency Expert (MCE) software.

Thiess, Qcoal Northern Hub (QCNH) Sonoma Mine (via ASG)

- Provision of contract HST Manager.
- Provision and use of My Competency Expert (MCE) software.
- Development and facilitation of WHS Legislation Training Program for Supervisors.
- Facilitation of RII Refresher/RPL Training to Advanced Diploma level.
- Development of Mobile Equipment Compliance Procedure and Checklist.
- Review existing Contractor Management System.
- Development and facilitation of Compliance and Operational Excellence Workshop for HST personnel.
- Conduct of hazardous substances audit and risk management masterclass sessions.
- Provision of Surface Mine Manager application support.

Thiess, Olive Downs

- Provision of use and application of My Competency Expert (MCE) software.
- Provision of contract HST Manager. Facilitation of RIIPRM501E training.

Thiess, Peak Downs Mine

- Provision of contract HST Manager.

Townsville City Council

- Facilitation of WHS legislation training program.

Trescal

- Facilitation of an independent ICAM incident investigation.

U

University of QLD

- Collaboration on Risk & Safety topic training solutions for Saudi Arabian Royal family gold mining operations.

UGL

- Provision of risk framework and SHMS advisory services.

V

Vena Energy Group

- Development of Global Risk Management Framework implementation strategy.

Various Private Clients

- Provision of OCE, SSE, Supervisor and Risk training for private clients.

W

Watson Drilling

- Facilitation of independent ICAM Incident Investigations.

Whitehaven Coal

- Provision of long term Professional Personnel:
 - HSE&T Specialist for Maules Creek Coal Operations
- Compliance and Effectiveness audit of Maules Creek SHMS.
- Redevelopment of the Maules Creek Coal Mine SHMS.

X

Xstrata Coal

- Provision of Environmental Superintendent training and development program to reflect legislative changes, environmental best practices and alignment with Xstrata global operations.

Y

Yancoal (Cameby Downs Mine & Yarrabee Mine)

- Facilitation of BBRA Review and Audit of Training Scheme, processes, records and TNA.
- Development of suite of VoC tools mapped to RII units.

- Development of SHMS for Boonal Train Load Out Operations.
- Development of MSMPER300 Issue Work Permits and MSMWHS217 Gas test atmospheres training and assessment packages.
- Facilitation of OCE Training & Mentoring Programs (Yarrabee & Cameby Downs).
- Facilitation of RS22 baseline audit and BBRA for sites and alignment with Enterprise Risk Framework.
- Facilitation of Risk Owner, CCV training and 'Risk Responsibility Awareness' Training Program.
- Restructure of s.55 Management Structure framework and underpinning Appointments.
- Recognised Standard 22 Implementation Support including Letters of Appointment and VoC assessments – Yarrabee Coal Mine.
- Facilitation of RII40220 OCE Full and Upgrade Training Program, Mentoring and Coaching for BOE assessment.
- Facilitation of accredited RII training programs to Advanced Diploma level.
- Facilitation of Second Party Audit of Training System RS11 – Cameby Downs Mine.
- Provision of risk management and systems for CHPP and Environmental Risk and Systems support at Yarrabee Coal Mine.
- Provision of targeted RPL programs to support RS22 and My Competency Expert (MCE) software provision and site support.
- Provision of Targeted RPL Training Program (including Surface Mine Manager and Advanced Diploma of Surface Coal Mining Management).
- Review of Drill and Blast SHMS content and Contractor alignment.

Z

Zen Meerkat

- Main Distributor and trainer for My Competency Expert™ (MCE) software across Resources Sector.
- Distributor for My PCS Expert™ software.
