

PREK MONTHLY OVERVIEW

NOVEMBER 2026

When is the last time you moved through the world with wide-eyed wonder, noticing the smallest details like a ladybug on the sidewalk or the sound of a bird overhead? Preschoolers do that every day! They fully inhabit what is happening right now, because they are rarely preoccupied with yesterday or tomorrow. Their attention to what they see sparks a tiny parade of joy and celebration throughout their day. This month we want to join preschoolers in their work of seeing and celebrating. Preschoolers can teach us a thing or two about celebrating. So, let's harness all that joy this month and lead them to see and celebrate the good things God has done!
