What is going on?

Paula Breuer

27 April 2025 - 7 June 2025
Paint Shop Berlin

Breuer combines painting, sculpture and film to fictionalise her own biography. With a playful and profound approach, she slips into a wide variety of roles – sometimes as a stray dog, sometimes as a knight, sometimes as a creature from a comic strip – and creates a world full of ambivalences.

Her works are both an invitation and a stage: for feelings such as joy, jealousy, despair, love or loneliness – those everyday states that oscillate between identity and staging.
