

## V-TRIM FACE LIT for illuminated branding applications

Project:	
Designer:	

### Specifications

#### DESCRIPTION

The Vecto UT1 is our answer to the industry standard trimcap channel letter. Made with an elevated design and finished look, our trim is aluminum and manufactured with the same proprietary methods used to create all our award-winning Vecto letters and shapes. An environmentally friendly recyclable aluminum trim ensures perfect brand fidelity with sharp corners and no visible seams or bulky hardware. Powered by Bitro's premium LED technology, the Vecto US2 offers a clean and elevated halo look that enhances your brand's visual impact.
