Specifications

DESCRIPTION

The Vecto US2 features full rear illumination with a narrow reveal at the back of the letter, creating a sharp faux halo effect on any surface, even when directly mounted. Our proprietary unibody design seamlessly integrates the face and returns, ensuring perfect conformity with sharp corners and no visible seams or bulky hardware. Powered by Bitro's premium LED technology, the Vecto US2 offers a clean and elevated halo look that enhances your brand's visual impact.
