WAYS TO SAVE

This is your chance to make sure you are taking advantage of tax-saving opportunities, employer-paid benefits, or save money by opting out of coverage you are not using.

1. **Health Savings and Flexible Spending Accounts.** Consider setting aside pre-tax dollars to use for qualified medical, dental and vision expenses by contributing to an HSA or FSA. Those with eligible dependents can also save by contributing towards a dependent care FSA to use towards day care expenses.
2. **Wellness Incentive.** Eligible employees and spouses who complete a physical between September 1st and August 31st will each receive a \$400 reduction in premiums.
3. **Dr. On Demand Virtual Provider.** With telehealth, you can schedule a virtual appointment with a board-certified doctor who can diagnose, treat and prescribe most medications for minor medical conditions all at no charge for members enrolled in the Atlantic Bottling Company's medical plan.
4. **Generic prescriptions.** Ask your provider if a generic prescription is available. They are usually just as effective and less expensive.
5. **In-network providers.** You may visit any medical provider you choose, but in-network providers offer the highest level of benefits and lowest out-of-pocket costs.

Body and Mind

Medical Benefits

Medical insurance is essential to your well-being, and our medical coverage provides you and your family the protection you need for everyday health issues or when the unexpected happens.

Parts of Your Medical Plan

- **Preventive care** – always 100% covered when you use in-network providers and includes things like physical exams, flu shots and screenings.
- **Annual deductible amounts** – the amount you pay each year for eligible in-network and out-of-network charges before the plan begins to pay.
- **Annual out-of-pocket maximums** – the most you will pay each year for eligible in-network and out-of-network services, including prescriptions. After you reach your out-of-pocket maximum, the plan picks up the full cost of covered medical care for the remainder of the year.
- **Copays** – A copay is a fixed amount you pay for a health care service. Copays do not count toward your deductible but do count toward your annual out-of-pocket maximum.
- **Coinsurance** – Once you've met your deductible, you and the plan share the cost of care, called coinsurance.
- **PPO Network** - Offers both in and out-of-network providers and includes nationwide coverage. Providers outside the plan's network set their own rates, so you may be responsible for the difference if a provider's fee are above the Reasonable and Customary (R&C) limits.
- **HMO Network** - Offers in-network providers in Iowa and bordering counties. Out-of-network providers are not covered, except in emergencies. A guest membership is available through Wellmark for those who live outside the HMO network for 90 days or more (example: student). Members who enroll in an HMO plan with Wellmark BCBS are required to designate a Primary Care Physician (PCP) for Preventive Care Services only.

Wellness Benefit

What is the Wellness Benefit?

Eligible employees and spouses that complete a physical between September 1st and August 31st will receive a \$400 reduction in their medical premium for the following plan year. This amount equals \$14.81 for single and \$29.63 for employee/spouse and family coverage against your medical premium per pay period. Members can check their eligibility in PayCom under Information and then Additional Information. Note, if you received a DOT physical for your CDL, Atlantic Bottling Company just needs a copy of your med card to verify the dates. If you are not on our plans currently but plan to be for 2026, there is a Wellness Affidavit you can have your physician fill out to still receive the credit. All documents can be emailed to payroll@atlanticbottling.com.

Funding Accounts

HSA **Voya**

A Health Savings Account (HSA) is a personal savings account you can use to pay for qualified out-of-pocket medical expenses with pre-tax dollars — now or in the future. Once you're enrolled in the HSA, you'll receive a debit card to help manage your HSA reimbursements. Your HSA can also be used for your expenses and those of your spouse and dependents, even if they are not covered by the HDHP medical plan.

How a Health Savings Account works

Eligibility

You must be enrolled in one of the High Deductible Health Plan.

Contributions

Employer Annual Contributions: \$800 EE, \$1,000 EE/SP and EE/CH, \$1,200 Family. You contribute on a pretax basis and can change how much you contribute from each paycheck up to the annual IRS maximum of \$4,400 if you enroll only yourself or \$8,750 if you enroll in family coverage. Limits include employee and employer contributions. You can make an additional catch-up contribution of \$1,000 if you are age 55 or older.

Eligible Expenses

You may use your HSA funds to cover medical, dental, vision and prescription drug expenses incurred by you and your eligible family members.

Using Your Account

Use the debit card linked to your HSA to cover eligible expenses, or pay for expenses out of your own pocket and save your HSA money for future health care expenses.

Your HSA is Always Yours – No Matter What

One of the best features of an HSA is that any money left in your account at the end of the year rolls over so you can use it next year or sometime in the future. And if you leave the Company or retire, your HSA goes with you so you can continue to pay for or save for future eligible health care expenses.

FSA's Voya

Flexible Spending Accounts (FSAs) allow you to pay for eligible expenses using tax-free dollars. The money you contribute to these accounts comes out of your paycheck without being taxed, and you withdraw it tax-free when you pay for eligible health care and Dependent Care expenses.

Health Care FSA

Contribute up to \$3,300 per year, pre-tax, to pay for eligible health care expenses, such as copays, prescription expenses, lab exams and tests, contact lenses and eyeglasses.

Dependent Care FSA

Contribute up to \$7,500 per year (\$3,750 if married and filing separate tax returns), pre-tax, to pay for day care expenses associated with caring for elder or child dependents that are necessary for you or your spouse to work or attend school full-time. You cannot use your Health Care FSA to pay for Dependent Care expenses.

Use It or Lose It

There is no carryover or grace period. You have until **March 31st** to submit claims for expenses incurred through December 31st. Per IRS regulations for pre-tax contributions, unused dollars will be forfeited.

Hospital Indemnity Insurance **Voya**

Important: This is a Fixed Indemnity Policy, Not Health Insurance

This fixed indemnity policy may pay you a limited dollar amount if you're sick or hospitalized. You're still responsible for paying the cost of your care.

- The payment you get isn't based on the size of your medical bill.
- There might be a limit on how much this policy will pay each year.
- This policy isn't a substitute for comprehensive health insurance.
- Since this policy isn't health insurance, it doesn't have to include most Federal consumer protections that apply to health insurance.

Questions About This Policy?

- For questions or complaints about this policy, contact your State Department of Insurance. Find their number on the National Association of Insurance Commissioners' website (naic.org) under "Insurance Departments."
- If you have this policy through your job, or a family member's job, contact the employer.

Looking for Comprehensive Health Insurance?

- Visit HealthCare.gov or call 1-800-318-2596 (TTY: 1-855-889-4325) to find health coverage options.
- To find out if you can get health insurance through your job, or a family member's job, contact the employer.

Out-of-pocket costs from a stay in a hospital or other medical facility can be overwhelming. As expenses add up, Hospital Indemnity Insurance can help. As you learn more about Hospital Indemnity Insurance through Voya, keep in mind:

- No medical questions or tests are required for coverage.
- Simplified claims process has limited paperwork and can be submitted/ tracked online.
- Benefit payments go directly to you. Use them however you'd like!

Hospital Indemnity Insurance doesn't replace your medical coverage; instead, it complements it. The benefit payments don't go out to pay for medical bills or treatments you may need, instead they come in – directly to you – to be used however you'd like. Choose this supplemental health insurance product for added protection should a covered hospitalization occur.

Hospital Indemnity Insurance is a limited benefit policy. It is not health insurance, and does not satisfy the requirement of minimum essential coverage under the Affordable Care Act.

Guaranteed-Issue Limit and Evidence of Insurability

The guaranteed-issue limit is the amount that's available to new hires without providing evidence of insurability (EOI). During open enrollment, employees currently enrolled can increase by up to \$20,000, as long as total coverage doesn't exceed \$100,000. Late entrants will need to complete EOI for any increase. Spouses will need to complete EOI for any increase or new coverage. Children require no EOI for increases or new coverage. To get coverage beyond this limit, you'll need to complete the EOI form for all applicable family members. This form includes questions about current and past health conditions. Voya may request additional information before approving or denying coverage. When evidence of insurability is required, the insurance company will need to approve it before coverage becomes effective.

Age Reductions

Benefit amount reduces to 67% of original coverage when the employee reaches age 70; and 50% at age 75. Premium amounts are also reduced accordingly, and automatically adjusted for the new benefit amount(s).
