OUR MISSION

Our mission is to redefine how we gather by combining wellness and social connection.

We create third spaces for high-aura individuals who are committed to personal growth and appreciating the challenge.

OUR VISION

Our vision is to be a global leader in routine social wellness.

Tality is a cultural cornerstone for social wellness - when people say 'Tality', they think of unwinding with their friends while taking care of their well-being.

TALITY CORE VALUES

Go above and beyond

Go 100% on the last 10% when it matters

Choose the abundant experience

HOT sauna, COLD tubs, UNLIMITED bubbly, GREAT vibes.
Create environments where customers can't help but feel abundant.

Where others see walls, we see doors

Keep your eyes on the desired outcome, rather than the perceived obstacles.
If you can imagine it, you can create it. There is always a way.

Always Learning

I am eager to learn what I don't fully know or understand.
I am confident in what I know, and more confident in what I don't know.

You Either Win or You Learn

Every attempt either works or contains a lesson, so take the shot.

Be A Go-Giver

Seek first to give, then to receive. This trickles down through our entire ecosystem from the franchisors to the franchisees to the managers to the staff to the customers... to our customers giving to their customers.

Act With Integrity

You are your word. We don't expect perfection, only that you make your best effort to act with integrity. This includes cleaning up any messes you make along the way without guilt or shame.

Phase 2 - Buildout

After finding the location, this phase is highly dependent on building permit times. The exact support you need will greatly depend on your location.
