Barcode Printing Service

- Full barcode printing service
- Custom size labels available
- Variable data printing
- Contact us for specifications

Printed Roll Labels

- V Custom print up to 8 colours
- Full range of materials & adhesives
- Short run digital print
- Hotfoil printing & Laminating
- Bespoke diecut shapes

Fully Dissolvable Materials

■ Multi-Format Processing

Laser Copier, Inkjet, Thermal Direct, or Thermal Transfer variants available

■ Recyclability

No need to remove labelling prior to recycling, no contamination or adhesive residue

■ Reusability

Of containers without staining or adhesive marking

■ Energy Saving

Does not require hot water to dissolve

■ One Product

Works equally well on glass or synthetics

Stickers

Dots & Stars

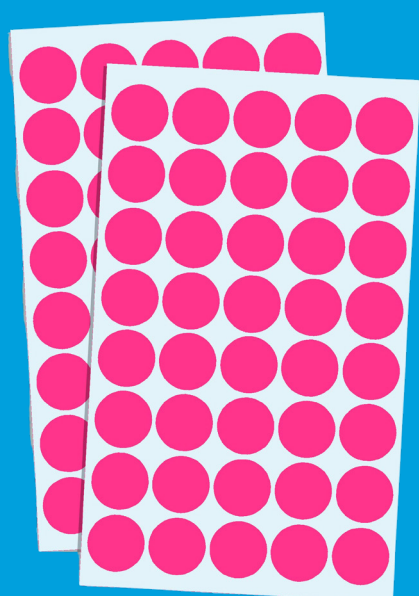

Supplied on A6 sheets as stock.
Also available on A5 sheets.

Stars

Product	Size	Pack / Sheet
Stars 13mm – Standard Colours	13mm	150 or 450 multi-pack (A6 sheets)
Stars 13mm – Metallic (MG/MS/MB)	13mm	150 or 450 multi-pack

Dots

Product	Size	Pack / Sheet
Dots 8mm – Standard Colours (C/P/Y/B/O/G)	8mm	312 or 520 (A6 sheets)
Dots 8mm – Fluorescent (FR/FP/FL/FO/FG)	8mm	312 or 520
Dots 8mm – Metallic (MG/MS/MB)	8mm	312 or 520

Linerless Labels

Linerless labels remove the need for backing paper, eliminating liner waste while delivering up to 40% more labels per roll. Fewer roll changes, reduced storage space & improved efficiency make them ideal for food service, logistics, retail and parcel labelling.

Specification	Details
Print Technology	Direct Thermal
Label Format	Continuous Linerless Roll
Available Widths	58mm, 79mm, 80mm, 98mm, 102mm, 105mm
Core Sizes	12mm, 19mm, 25mm, 40mm, 76mm
Roll Lengths	Multiple options available (19m–800m)
Label Colours	White, Blue, Yellow, Pink
Material Options	Paper and Heat-Resistant materials
Key Benefits	More labels per roll, reduced downtime, less waste
Applications	Food Service, Retail, Parcel, Logistics & Warehousing
Custom Solutions	Bespoke sizes available on request

Up to 40% more labels per roll – less downtime, less waste and bespoke linerless solutions tailored to your application.

Shelf Edge Labels

Shelf edge labels (SELS) are essential for retail environments – displaying pricing, product codes, promotions and POS information at point of sale. UK Labels manufactures shelf edge labels to your exact specifications in a wide range of materials and widths.

Custom sizes and materials available. Call us for bespoke shelf edge solutions.

Width	Format	Adhesive	Adhesive
19mm	Roll / Fanfold	Permanent	White Gloss Thermal
22mm	Roll / Fanfold	Removable	White Gloss Thermal
26mm	Roll / Fanfold	Permanent	White Gloss Thermal
30mm	Roll / Fanfold	Removable	White Gloss Thermal
40mm	Roll / Fanfold	Supa-tac	White Gloss / Matt
Custom	Roll / Fanfold / Sheet	Any	Various

Paper Rolls

OEM-standard paper rolls designed for clarity, reliability, and durability across tills, card machines, and receipt printers.

Crisp, smudge-resistant printing ensures clear, professional transaction records, with smooth feed-through and consistent performance for retail, hospitality, and office use.

We hold a wide selection in stock and can source many specific sizes.

Thermal Rolls

- For thermal POS printers, card machines, and receipt printers.
- Crisp, smudge-resistant print.

Bond Rolls

- Single-ply bond paper rolls for impact printers and general use.

MultiPly Rolls

- Multi-part rolls for applications requiring duplicate or triplicate copies.

Restaurant Pads

Our restaurant pads are printed with clear layouts and structured sections to help staff capture orders quickly and accurately. **Sturdy construction and smooth tear-off.**

Available in single-part or multi-part formats, they provide the flexibility to keep a copy for records while sending another to the kitchen.
