

CWM1

Single-Phase Wall / Ceiling Mount for S2

The Loud of Sweden CWM1 is a compact mounting adapter for the S2 wireless speaker. It is designed for installations where a lighting track is not required or cannot be fitted. The adapter is secured directly to a suitable wall or ceiling surface.

Key Features

- Single-phase (1-phase) mounting solution
- Designed for the Loud of Sweden S2 wireless speaker
- Wall or ceiling installation without a lighting track
- Direct surface mounting using screws
- Supplied with an associated 2.5 m power cable and plug

Technical Specifications

Parameter	Specification
Product name	CWM1
Product type	Wall / ceiling mounting adapter
Electrical configuration	Single-phase (1-phase)
Compatible speaker	Loud of Sweden S2
Mounting	Direct screw fixing to suitable surface
Power connection	Associated cable and plug
