**SOGNO
SUL
MURO**

From the heart of Italian design, we craft clocks that are more than keepers of time, they are luminous artworks for your wall. With light that glows and motion that flows, each piece transforms passing hours into a gentle stream of feelings and memories.

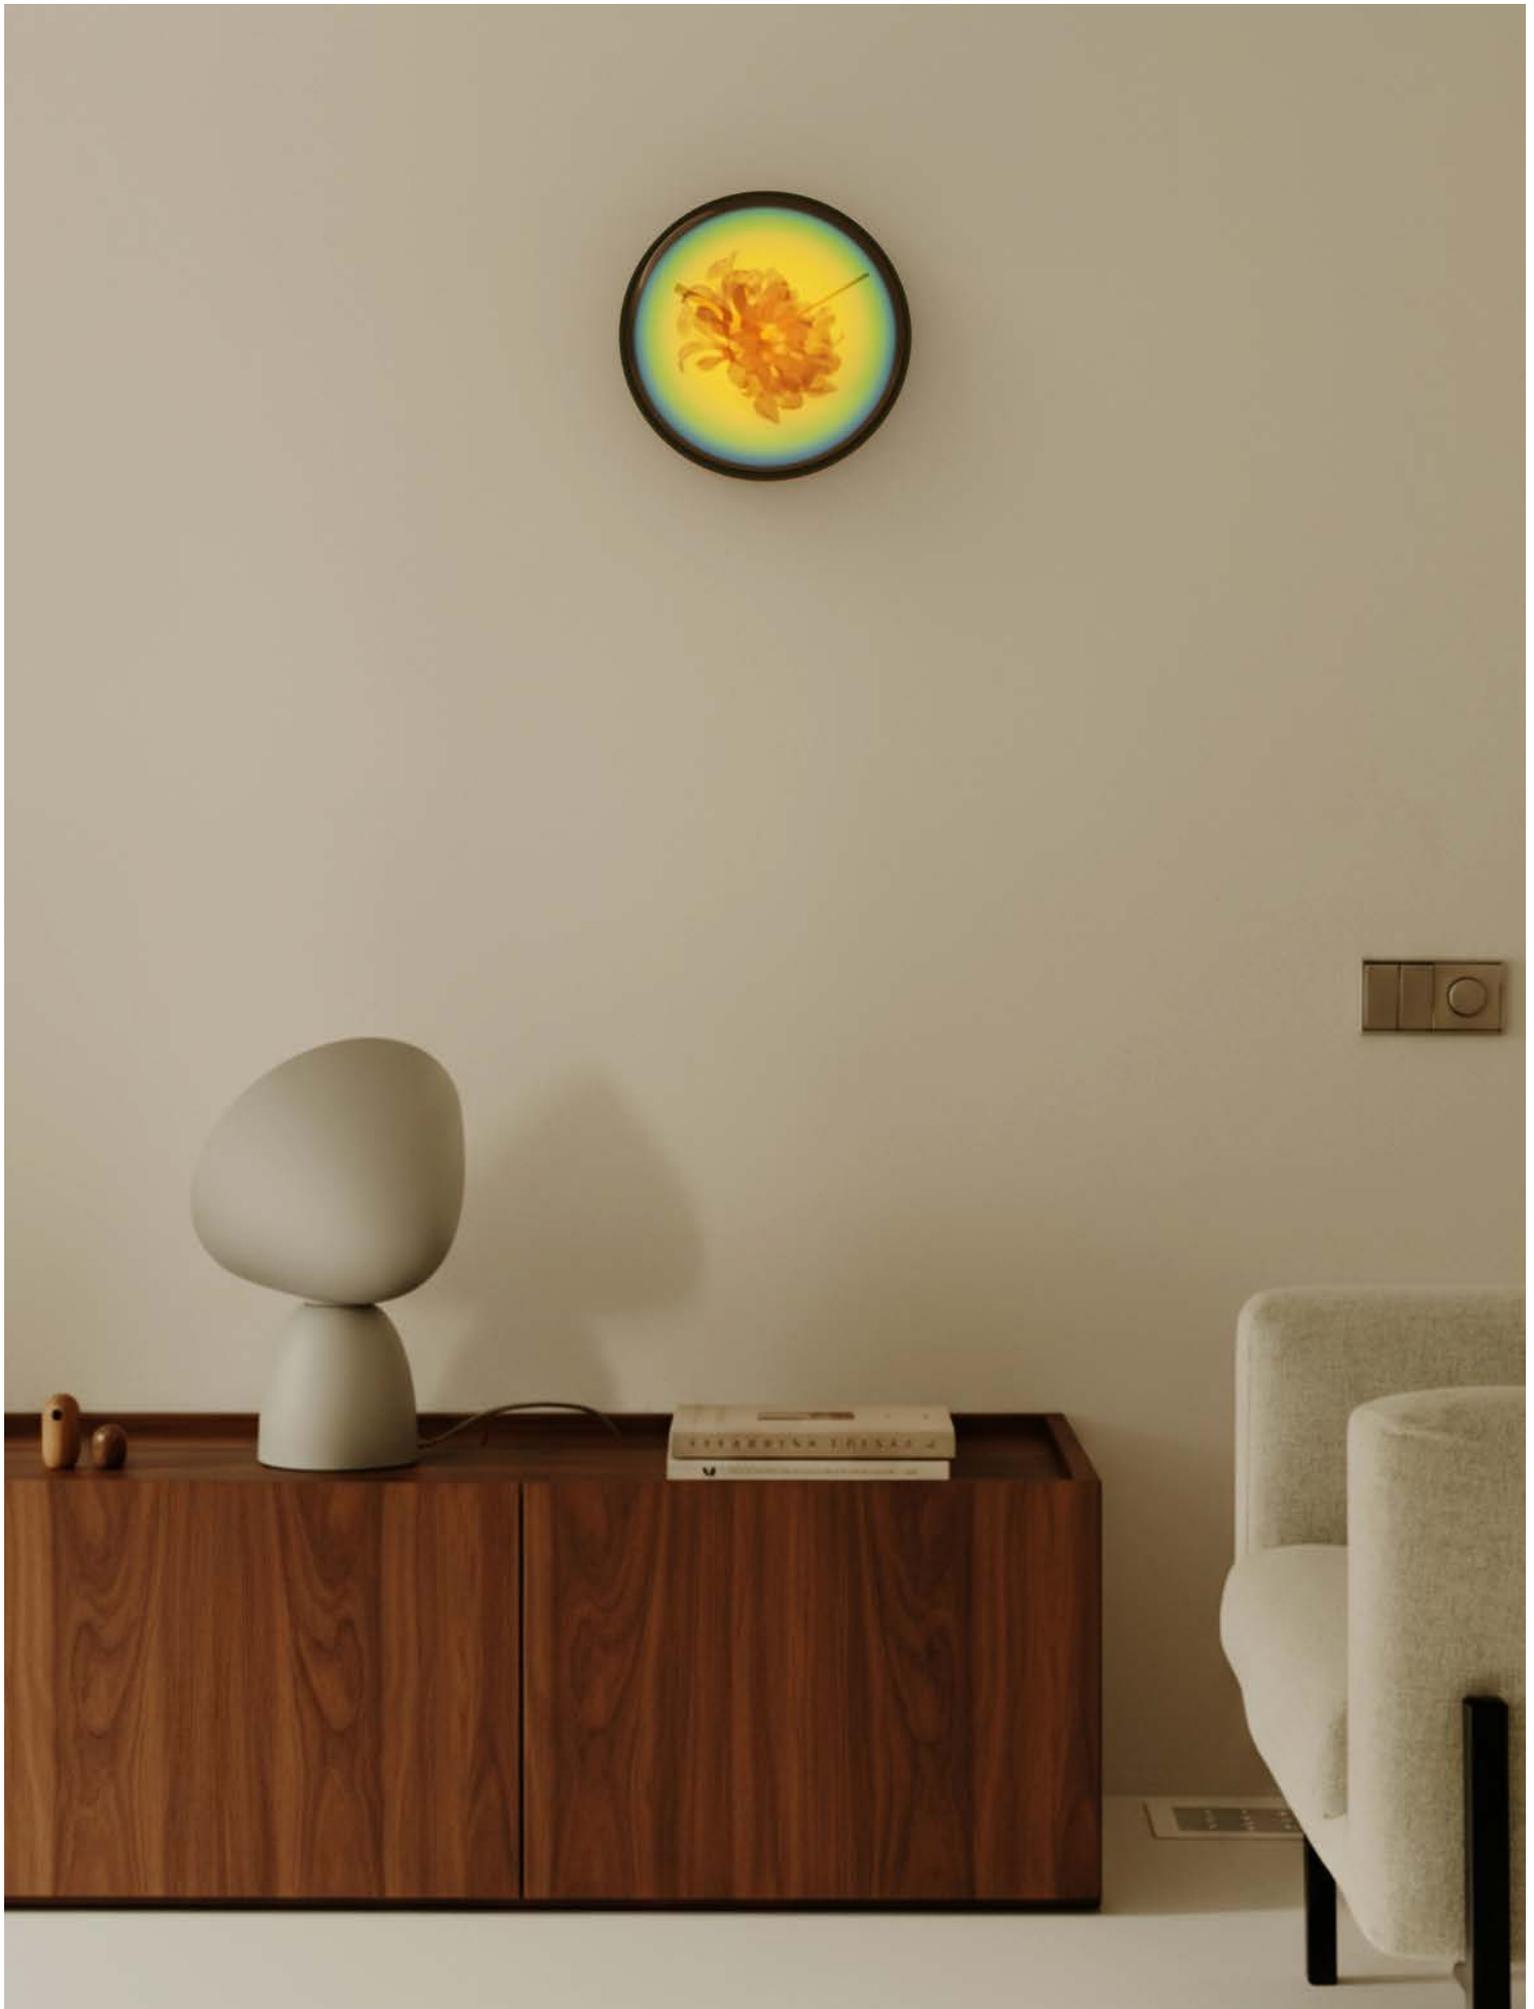

Poetic, timeless and alive, they invite you to drift within the beauty of the present. Time moves like a gentle current, carrying us through shifting moods and seasons.

Our creations invite you to drift with it, to feel, to flow, and to savor each passing moment as it comes. Moments of happiness, of sadness, of ecstasy or anxiety, let them all dissolve.

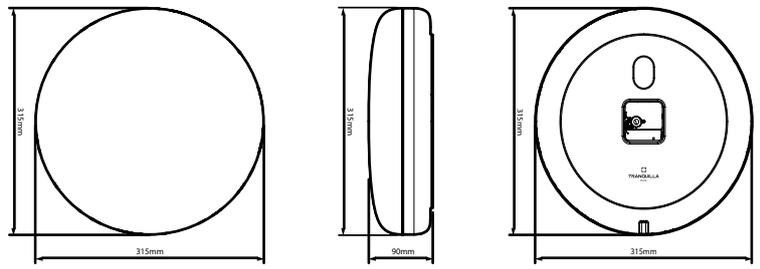

Hope you enjoy our very first collection, a journey depicting 3 essence of time.

Take a leap into the stream of present,

● Have a lovely dream on the wall.

Warm hues of deep blue and muted orange meet a delicate floral panel, evoking the glow of a summer memory. Trace of Time captures the fleeting sweetness of cherished moments, holding them gently in light and form. Like petals preserved in memory, it turns passing hours into a quiet, glowing presence warm, tender, and alive.

**Not just a clock, but a canvas of time.
Illuminated, in motion, a piece of art that
breathes with your space.
A Dream on the Wall.**

FLOW OF TIME

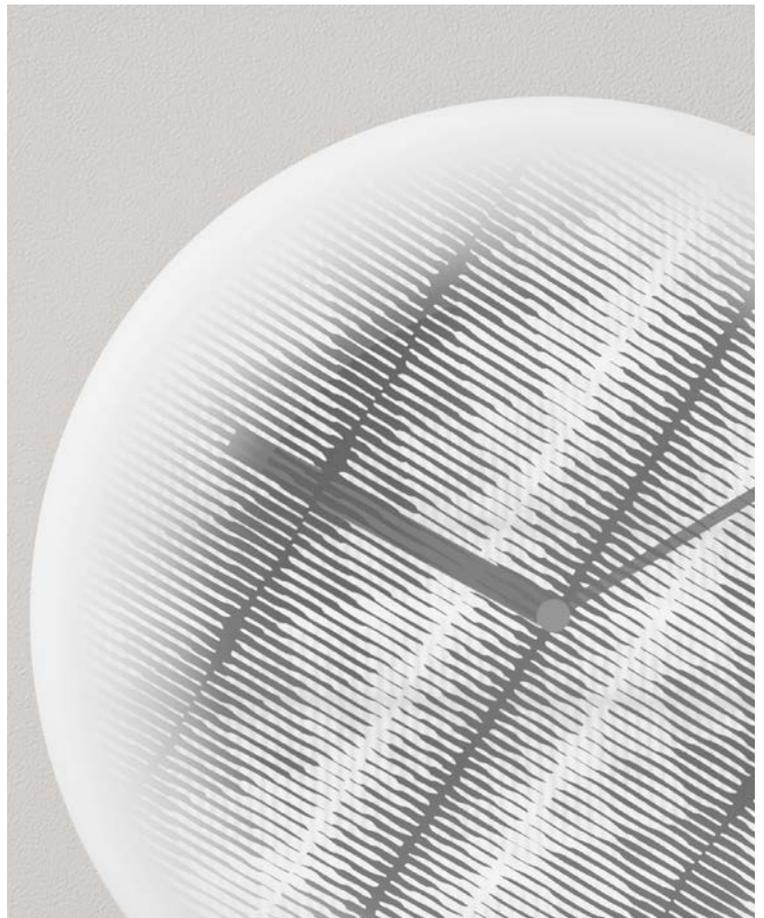

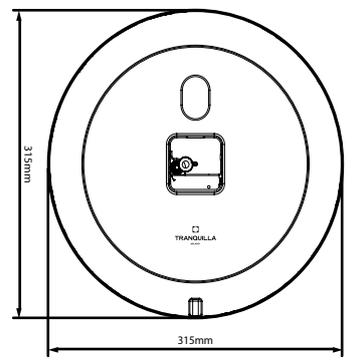

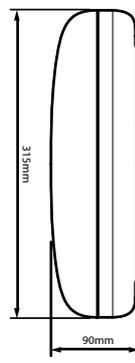

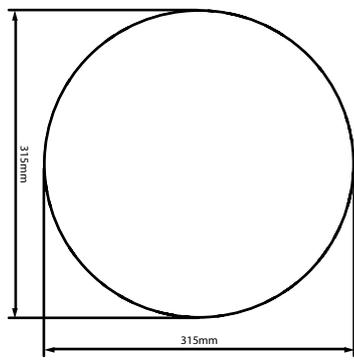

Lights off.

With its transparent glass body and subtle tones of grey and white, Flow of Time reflects the serenity of water in motion. Its design mirrors ripples and currents, extending into the deeper rhythm of life itself. A luminous stream for your wall, it reminds you to move effortlessly, to breathe with the flow, and to embrace the natural passage of each day.

Lights on.

With a cream-and-espresso checkered face, Mark of Time reimagines the timeless spirit of Bauhaus design. Its balanced geometry and refined contrast turn the passing hours into a living rhythm, structured yet personal, classic yet modern. A piece that marks every moment with quiet sophistication.

HOW TO BUY

At present, we operate on a B2B wholesale model. This means all purchases go through our sales team rather than direct online checkout. Small-volume orders are welcome, we work flexibly with retailers, distributors, and independent stores. In the future, we plan to open a B2C option for individual customers as well.
