ATTACK OF THE BANANTULAS

Merchant Kane whipped up this talisman of Probitas Green Label and Paranubes Rums, Banana, Passionfruit, Cinnamon, Ginger, and Allium to ward away the banantulas while he was rum-running across the Lake of Fire. What are banantulas, you ask? Bring a case of bananas on your next boat ride, and you might just find out...

Call of the Ciguapa

Do you hear a soft bird call in the night? Keep your six toed canine close and follow the sweet sound into the jungle... You might just find this mesmerizing sparrow of Queso Blanco-Washed Probitas Yellow Label Rum, Sotol, Guava, Cilantro, and Red Bitter. Then again, you may find the draining kiss of a beautiful demon with backwards feet...

SUNRISE OVER THE RIVER STYX

Charon gets a bad rap for being a bit of a curmudgeon, but when he hangs his oar up for the day, the guy knows how to relax with a good drink. He got together with Merchant Kane to mix up this creamy obol of a six rum blend featuring Chairman's Reserve & Rhum JM, Vanilla-Anise Liqueur, Cantaloupe, Gardenia, and Cream that'll have you sinking into your hammock on the first sip! Lay back, close your weary eyes, and let Charon gently ferry you along to your final destination...

ARCHFIEND

Named for the big bad himself, this spicy slug features Jalapeño Infused ElVelo Blanco Tequila, Makrut Leaf Infused Agave de Cortes Mezcal, Giffard Strawberry, Hibiscus, and Galangal. One sip of this'll have you feeling the sting of his pitchfork!
