

Smarter Referrals. Better Care

# Medical Director e-Referrals Now Live for Lumus Imaging

Lumus Imaging offers e-Referrals within Medical Director, making referrals faster and easier for clinicians, patients, and clerical staff.

Referrals are sent electronically and processed promptly, helping reduce delays to patient care.

## Benefits for Doctors

- ✔ Create and send radiology referrals directly from Medical Director within existing clinical workflows.
- ✔ No handwritten or manual re-entering of radiology referrals.
- ✔ Fewer clerical mistakes and reduced administrative burden.

## Referrer Workflow

### Step 1:

Open a patients file and click on the **XRAY ICON** to start the imaging request.

### Step 2:

Select **Lumus Imaging** in the Provider Dropdown (if it is not the default provider).

### Step 3:

Fill out the details for the requested scan, then **click: Save/Send**.

The screenshot shows the Medical Director interface for creating an e-referral. Key elements include:

- Region (3):** A dropdown menu with options like Abdomen, Ankle (L), Ankle (R), Ba Enema, Ba Meal, Ba Swallow, Bone Age Study wrist, Chest, Cholecystogram, Clavicle (L), Clavicle (R), and Coccyx.
- Tests to be printed on form:** A text area containing 'X-ray - Ankle (R)'.
- Provider (1):** A dropdown menu set to 'Lumus Imaging'.
- Request type (2):** Radio buttons for Xray (selected), CT scanning, Ultrasound, Mammography, Nuclear medicine, Bone densitometry, Angiography, MRI, and User Defined.
- Clinical details (4):** A text area with options like ? Fracture, ? Malignancy, ? OA, Abdominal pain, Back pain, Cough, Persistent cough, and Routine.
- MyHealthRecord consent (5):** A checkbox for 'Do not send reports to My Health Record'.
- Buttons (6):** 'Copy to', 'Save / Send', and 'Close' buttons.

### Step 4:

Once Save/Send is clicked, an e-referral will be sent to Lumus Imaging and a hard copy printed for the patient.

Patients will receive an SMS confirming that Lumus Imaging has received their e-Referral.

Eligible patients may also receive a follow-up SMS giving them the option to book online or receive a call from Lumus Imaging staff.
