

Smarter Referrals. Better Care

# How to send an e-Referral to Lumus Imaging with Best Practice

## Referrer Workflow

### Step 1:

Select Lumus Imaging in the Provider drop down menu (if Lumus Imaging is not already selected as the default provider)

### Step 2:

Select the required modality (e.g. X-ray, CT, Ultrasound, MRI etc.)

### Step 3:

Select the required anatomical area/examination (e.g. cervical spine, chest, eye etc.)

### Step 4:

Confirm or add more (free text) request details to be printed on form

### Step 5:

Select clinical information

### Step 6:

Confirm or add more (free text) clinical details to be printed on form

### Step 7:

Click "Print & Send"

Once "Print & Send" is clicked, an e-referral will be sent to Lumus Imaging and a hard copy printed for the patient.

Patients will receive an SMS confirming that Lumus Imaging has received their e-Referral.

Eligible patients may also receive a follow-up SMS giving them the option to book online or receive a call from Lumus Imaging staff.
