

VELOCIOUS

Vision, Brand and Solution Focus

Redefining Sourcing, Procurement
and Supplier Experience.

What Makes Velocious Unique?

Why Velocious?

Seamless Compliance:

Stay ahead of evolving e invoicing and supplier engagement regulations in every market.

End-to-End Procurement

Excellence: Specializing indirect and indirect procurement, Velocious provides unmatched efficiency.

Automation at the Core:

AP invoice automation serves as the foundation of our comprehensive Source-to-Pay solutions.

Designed for GBS

operations: Ensures SLA delivery handling scale, complexity and regulatory requirements of multi country and geographies

Compliance with Confidence

Designed to adapt to changing government guidelines for e-invoicing and supplier engagement.

Real-time monitoring of regulatory changes across markets.

Seamless auditing and reporting tools.

Trusted partnerships with 100+ regulatory bodies.

Trusted by GBS (Global Business Services) and shared services for seamless regulatory adherence.

Procurement Excellence

- ❑ Tailored for indirect procurement including SOW (Statement of Work)-based services procurement in addition to direct procurement.
- ❑ Accelerates decision-making with data-driven insights.
- ❑ Enhanced control and compliance, delivering real ROI to businesses.

Automation for Scalability

- ❑ A robust AP Invoice Automation feature that tackles inefficiencies, eliminates frauds, minimizes discrepancies during audits and builds a strong foundation.
- ❑ Autonomous AP Invoice processing with out of box localizations.
- ❑ Drives sourcing strategies with data-led insights for long-term scalability and growth.

Seamless ERP integration

- ❑ Seamless integrations with ERP systems to enhance existing workflows.
- ❑ Available with pre-integrations with SAP on SAP BTP and available on SAP Store
- ❑ Eliminates silos, enabling a cohesive ecosystem aligned for operational success.
- ❑ Supports global operations with a unified platform.

Designed for supplier success!

- ❑ Intuitive UI/UX ensures effortless supplier onboarding and engagement.
- ❑ Drives higher supplier adoption rates, amplifying the benefits of the platform for our customers.
- ❑ Encourages lasting supplier relationships and builds trust across the supply chain.

Enabling future forward GBS

- ❑ Designed to empower Global Business Services (GBS) and Shared Services teams to succeed in a rapidly changing market.
- ❑ A solution that evolves with your business, ensuring long-term innovation and scalability.
- ❑ Autonomous GBS processes with AP.

Recognized by the Best.
Trusted by Leaders.
